

PURE MILK ASSOCIATION POSITION CLEARED

LIGHT COMPANY ACCEPTS TIME WARRANTS

Arlington Heights Board Moves for Lower Insurance Rates

ENFORCEMENT ACTION WAITS

Tax warrants were authorized Monday night by the Arlington Heights village board, payable to the Public Service Co. for the total amount owed that company by the village on Jan. 1st. The total amount outstanding is \$21,084.31. The village had previously given them tax warrants totaling \$9,329.48 and a check upon the closed Arlington Heights State Bank for \$4,782.57, which will be replaced with a new tax warrant. The remaining indebtedness, for which new warrants will be issued total \$6,972.26.

A collection fee of two per cent from the big sewer funds was authorized, this payment being applied upon the salary owing to the treasurer, E. H. Bolte. An ordinance was passed designating that the day and night engineers be automatically members of the fire department. Other business transacted was largely routine.

As the Village Board of Arlington Heights were in regular session Monday evening, Mr. George Schaefer, village trustee, was the only one absent.

Chairman Albert Goedke of the Fire and Water committee presented his report showing various adjustments on water meters and buffalo boxes, etc.; also that four rods had been replaced on the water tower, and a seam on the tank welded, at a price of \$120, the job guaranteed for one year. The report was accepted.

The building committee reported that Mr. Walter Wollmer had a balance of \$250 coming for heating installation in connection with the recent addition and alteration in the village hall; the committee recommending that \$100 be paid at once; the motion was carried. Mr. E. H. Bolte, village treasurer, asked for more ventilation, this left to the Building committee. The Fire department had painted the room where equipment is kept, and will pay for material out of their 2% tax.

The sewer committee had no report. Mr. Krause of the street committee turned in a report of the repair and painting of the snow plow and road grader; repairing broken sidewalk at North school and at State road and Davis street; moving the village treasurer's office equipment to the new location in the Village hall; grading and filling holes in streets where the big sewer crosses; and replacing 32 pieces of glass in the ornamental street lights on S. State road in Scarsdale subdivision. To repair all broken lights in both the Scarsdale and Stonegate subdivisions took 255 sheets of glass. This report was accepted.

Regarding the recommendations of the Citizens' committee relative to law enforcement, the Police chairman, Mr. Framberg, stated that the committee had not been able to get together, the matter having been referred to them at the previous meeting.

Business sessions are about all in, the Police committee stated. Stop and Go signs have recently been turned on the amber, except during heavy traffic on week-end. This report was accepted.

The Finance committee presented bills amounting to \$2,181.71, detailed below.

On motion, one per cent of the collections on the "Big Sewer" assessments were to be applied toward the Village Treasurer's salary. Later in the evening, another motion was passed, changing the figure to 2 per cent.

The Lighting committee reported a request from Mrs. Wilcox near Hickory street, for a street light near their home. On motion carried, a light will be placed at this intersection.

A required amendment to the Village's claims with the Arlington Heights State bank has been filed. It was reported.

Mr. O. G. Barrett of the Farm Bureau explained a new arrangement arrived at whereby the Community Dining room, operated by the Relief committee with cooperating organizations, will receive milk on favorable terms, as outlined elsewhere in this issue.

Mr. Peety Thomas of Foundry road complained of dirty water in the main, and of noise in the pipes that interfered with night's sleep. The matter was left to the Water committee.

A statement was read of the Village's time warrants held by the Public Service company, the Finance committee reporting that the company had agreed to accept these

Penny gum machines and cigarette punch boards	8
Bookies	none
Coin slot machines	none

And that's that.

COM. BYRD IS ENDORSED FOR SEC. OF STATE

To Receive Entire Support at Primaries from Co. Dem. Delegation

Mr. Homer J. Byrd of Arlington Heights, who was elected to the Cook County Board of Commissioners may be a candidate at the Democratic primaries for the office of Secretary of State. He has been endorsed by the entire county delegation of Democrats, by the United Democratic Service Men's Organization and the Illinois Veterans League.

Mr. Byrd's candidacy has been whispered about for some time but he has refrained from making any public announcement, preferring to await the will and pleasure of his Democratic friends. Even now he has not made a definite announcement of his candidacy, but has expressed his appreciation for the confidence that is being shown in him by the various organizations which have voluntarily offered their endorsement for the high position of secretary of state.

Not a Politician

Mr. Byrd is not what is commonly called a politician. His political life has been "forced upon him." In nearly every position he has held, the office has sought him. And if he is nominated and elected to the state office, he will probably have established a record equalled by no other man.

Mr. Byrd came to Cook county as a school teacher, became a school principal and then assistant county superintendent of schools in Cook county, which position he left a short 18 months ago to assume his place as a member of the county board of commissioners.

His first public office was that of justice of the peace in Schaumburg, followed by police magistrate in Arlington Heights, then a councilman of the same village.

Hobby, Education and Law

Mr. Byrd's hobby has been education and he is the author of several educational works used extensively by the schools throughout this part of the country. Originally, Mr. Byrd intended to be a lawyer, and to his town words, he may get there yet. He has studied at the Chicago-Kent College of Law.

Enjoys Aviation

With the advance of aviation Mr. Byrd was one of the first local boys to own and fly his own plane. He is now a licensed aviator, but flies for his own pleasure only. He is a member of various social clubs and fraternal organizations and has always been directly interested in affairs of the community in which he lives. His home is at 316 Belmont Ave., Arlington Heights.

Has Many Radio Listeners

Mr. Byrd is frequently heard over the radio and last Wednesday delivered an address over WJBO, with Aviation as his topic. Mr. Byrd has a faculty for making friends easily and those who know him best are not surprised at the rapid progress he is making in public favor, throughout the state as well as in his own community.

Additional Room Is Welcomed by Employees at Local Postoffice

Postmaster Helfers had not noted whether the work is speeded up any since the new addition to the postal quarters in the Krause building were opened, but he does know that every employee is happier. With windows on three sides and a skylight overhead, the new addition has plenty of light and air and the mail carriers who will use that section of the building are naturally jubilant. Mr. Krause also had large lockers constructed. The service given to the public of Arlington Heights by Uncle Sam is based upon the receipts of the post-office. The receipts of 1931 showed a large decrease, which will mean decreased service. It therefore behooves every resident of the town to transact as much of his postal business through the Arlington Heights postoffice as possible.

SUGGESTS BIG TOURIST CAMP AT ARLINGTON

"Century of Progress" is Drawing Near; Millions To Be Slept and Fed

Arlington Heights will be missing a good opportunity if a tourist camp is not developed in its locality for patronage during the 1933 Pageant of Progress, or "World's Fair," the Presbyterian Men's club were told last Friday evening by a Chicago architect, Mr. Richard V. Murison.

Interest in the fair is greater away from Chicago than nearby, Mr. Murison finds, but it is time local people awoke to what is coming. Sixty million people live within a night's ride of Chicago; if that many people come to the fair, as is believed, it is expected that they will spend on the average at least ten dollars apiece while in the vicinity of Chicago; multiplying that gives a figure of \$600,000,000 to be so spent in the course of the fair. Hotels can take care of 300,000, but great tourist camps will be much in demand, it is predicted.

The Facts As to Architecture

While the architecture of the new, temporary fair buildings has been generally criticised, Mr. Murison undertook to show that such designs are justified. In the first place, it is unfair to judge a building until it is completed, landscaped, and surrounded by other buildings.

Being "A Century of Progress," this fair is to show the latest modern advances; its architecture must therefore be modernistic, he pointed out. With the modern materials, such as concrete, steel and glass to be used, it would be inorganic and unnatural to copy ancient designs based on stone block construction, was his second point. Then again, for the first time, flood lighting is to be largely used, instead of paint, for decorative effects. A fourth point was that artificial lighting would largely take the place of windows, thus saving space. These temporary buildings will be frankly temporary structures for fairs and high carnival, therefore highly colored; and it will not be until the fair is open and full color effects are seen, that their beauty can be fully appreciated. The new architecture will be sincere, and above board in the use of the materials and not imitations of anything. Designs are not intended to show final architectural forms of modern art.

New developments in lighting have been largely suppressed by commercial concerns, in order to exploit standard equipment, Mr. Murison said; but at the fair, these new inventions in lighting will be brought out, and will startle the world.

\$200,000,000 in magnificent buildings and collections is already on hand for the fair in the old Art Museum, at Jackson Park, now rebuilt, the new Field Museum, Adler Planetarium, Shedd Aquarium, Soldiers' Stadium, and Art Institute, which though not as large as some, is considered one of the best collections in the world.

A 600-foot "Tower of Light" will have a spray of water descending in billowy clouds past many-colored lights set in flanges, producing a marvelous effect at night.

At the \$100,000,000 General Motors building, crowds will see the raw materials being worked up, and follow all processes through to the finished car ready to drive away.

English villages, French villages, villages from many parts of the world will be set up and people living in them just as they would at home.

The capital, \$11,000,000, has been subscribed; and construction of new buildings is costing much less than was estimated in 1928 and 1929.

A point Mr. Murison stressed was that the organization was so formed as largely to eliminate politicians who attempted to get in. To get rid of them and of politics, the original movement was disbanded, and started all over again. The sponsors for the "Century of Progress" desired to avoid the kind of "political hook-up" that wrecked the Philadelphia Sesquicentennial, Mr. Murison said.

"Ladies' Night" of the Presbyterian Men's club will be held Feb. 19, Mr. F. E. Briggs, president of the club, announced. Community singing was led by Mr. John Allen, Miss Bern Lorenzen at the piano. A baked ham supper was served by the Presbyterian ladies.

Roast Pork Dinner At Church Wednesday

A roast pork dinner with all the trimmings will be given next Wednesday evening, Jan. 27, by the Presbyterian Ladies' Aid in the dining hall in the Parish house. The price will be 50 cents for adults, 35 cents for children under twelve.

Teachers Desperate

We, the teachers of the Arlington Heights public schools are in desperate circumstances. We feel that many fail to realize how critical the situation is.

Many of us have lost our money in bank failures and have borrowed to the fullest extent on our insurance policies, from friends and relatives.

Our expenses continue and nothing is coming in.

How shall we pay rent?

How shall we buy food?

How shall we pay transportation expenses?

How can we look respectable?

How can we heat our homes?

We have had but two weeks pay for 16 weeks work, which is 1/4 of what we should have. It costs us 3/4 of our salary to live.

What are the people of Arlington Heights going to do about it?

Editorial Note—The foregoing is the more forceful because it was prepared jointly by Arlington Heights' schoolroom teachers themselves, of District 25, no one asking them to do so.

Holy Name Society Installs Officers For 1932; Program

The Holy Name society of St. James church held their regular monthly meeting Tuesday evening, Jan. 12, at which time the newly elected officers were installed for the ensuing year.

Short talks by the outgoing officers as well as by the new staff were made. The speaker of the evening was Mr. C. A. Windle, editor of the magazines "Truth" and "Light." His topic was "Religious Intolerance." He also spoke of "Communism; its evils and its ultimate consequences."

He stressed the necessity of maintaining religious personal liberty, individual initiative, the inalienable right to possess and own property.

The Rev. Wagoner spoke briefly to the highest degree of cooperation in making their society worthy of its name. He also asked for the support of the society in promoting the "Catholic Youth" organization.

The meeting was attended by approximately the membership of 75 men. Fifteen new members were signed up; an evidence that the St. James branch is a hard working outfit.

A delicious lunch, and smokes were enjoyed by all.

Mr. Nick Pitzen favored the gathering with a number of musical selections which drew the hearty applause of all.

Does Nick know how to play his faithful "squeeze box"? Ask any of the Holy Name boys.

At a late hour all were slow in breaking away from a most enjoyable evening. The new officers are as follows:

President, R. J. Rizzi; vice president, Nick Tischer; recording secretary, G. A. Glau; financial secretary, Frank Petrine; marshals, John Kinder and John Matchen, Jr.

High School Teachers Receive Cash Through Sale of Tax Warrants

The teachers at the high school had a pay day this week with some actual cash. Following the publication in this paper last week of an appeal to local people to invest their money in tax warrants of the high school a number of such warrants were sold. The people purchasing them secured a safe investment at a good interest rate and the teachers were able to pay some of their bills. The money received this week was not enough to pay a full month's salary for the teachers, but it went a long way in relieving their financial problems. The sale of additional tax warrants is still necessary if the teachers are to receive any more pay, but those who are instructing our children in that high school have confidence that there will be others with money to invest, who will become interested. The Herald has devoted a lot of space in the past to the desirability of tax warrants for investment, and the editor agrees with the teachers that there are plenty of public spirited people with means who will come to their support and enable them to receive a sufficient amount of cash to keep them clothed and fed.

Miss Helen Leark And Donald Gieseke Quietly Married

Miss Helen Leark, daughter of Mr. and Mrs. Henry Leark, and Mr. Donald Gieseke of this village were married Tuesday, Jan. 12, in Chicago. It was a quiet ceremony. The young couple will reside at the home of her parents, Mitchell avenue. The good wishes of their many friends go with them.

TO CANVAS VILLAGE FOR SCHOOL FUNDS

P. T. A. to Assist Board; H. Ashton Heads Committee on Drive

A special meeting of the Board of Education of District 25, Arlington Heights, was held in the school office last Thursday night to consider, with certain leaders from the Parent-Teacher association, the matter of a drive for school funds through the sale of tax anticipation warrants.

Mr. Humphrey Ashton, a member of the P. T. A., has agreed to act as chairman of a committee to canvass the school district. He was presented with certain data, and stated as his next move the seeking of a legal opinion as to whether warrants are applicable to the payment of taxes. He assured the members of the board that with such data and such legal opinion, he would select helpers and lay plans for a systematic and intensive drive.

Before finally undertaking to direct the drive, Mr. Ashton secured the following legal opinion from Mr. H. J. Thal, village attorney of Arlington Heights (who is also attorney and member of the Board of Education) as to the legality of using purchased tax warrants in lieu of cash in paying that portion of one's taxes going to the schools of the district. Mr. Thal, in reply, Jan. 19, first quotes Section 117 of the School Law, which reads as follows:

"When there is no money in the treasury of any school district of this state, whether governed by either or both the general school laws, or any special charter, to defray the necessary expenses of the district, the directors, board of education or board of school inspectors, as the case may be, may issue warrants, or may provide a fund to meet said expenses by issuing and disposing of warrants, drawn against and in anticipation of any taxes levied for the payment of the necessary expenses of the district, either for educational or for building purposes, as the case may be, to the extent of seventy-five per cent of the total amount of the tax so levied. Such warrants shall show upon their face that they are payable solely from such taxes when collected, and shall be received by any collector of taxes in payment of the taxes against which they are issued, and such taxes shall be set apart and held for their payment."

"Every warrant issued under the provisions of this section shall bear interest, payable only out of the taxes against which it is drawn, at a rate not exceeding six per cent, per annum, from the date of its issuance until paid or until notice shall be given by publication in a newspaper, or otherwise, that the money for its payment is available, and that it will be paid on presentation, unless a lower rate of interest shall be specified therein, in which case the interest shall be computed and paid at said lower rate."

Mr. Thal, in commenting, writes his legal opinion, thus: "You will therefore see that it is compulsory on the local tax collector to accept such warrants in payment of school taxes. Of course tax anticipation warrants issued by the School District 25 can only be applied in payment of School District 25 taxes. The best information we have as to the amount of District 25 school taxes is the amount of such taxes in the past, and this has been approximately 30 per cent of the total tax bill. A person whose general tax bills run around \$100.00 would be able to pay about \$30.00 of such tax in School District 25 warrants."

"I presume there would be no objection to several parties chipping in any buying a larger warrant and turning it in jointly for payment of their school taxes, but of course, there would probably be no advantage in doing this. It should be borne in mind, however, that tax anticipation warrants can be turned in only in payment of the year's school taxes on which the warrant has been issued."

"In other words, to avoid confusion, it might be well to explain that a tax warrant issued against 1931 taxes cannot be used to pay 1930 taxes"; this concluding Mr. Thal's written opinion.

The tax warrants for sale by District 25 will be against the 1931 taxes.

Relief Center Hours Changed to Wednesday

The Relief committee center in Arlington Heights, over the Peoples State bank, will be open henceforth Wednesday evenings, instead of Saturday, according to Miss Martha Jackson, community nurse.

HEIDORN APPOINTED ASSESSOR

Board of Auditors Select from 4 Candidates

The town board of auditors, including justices of the peace, the supervisor and town clerk met on Tuesday afternoon for the purpose of appointing an assessor to fill the unexpired term of J. Schwing, deceased. The applications of four were read, including two from the village of Wheeling and two residing in Arlington Heights. Gustav Heidorn received the majority of the vote cast and was declared appointed to the office.

While Mr. Heidorn is at present a justice of the peace, he automatically vacates that office when he assumes his new position.

Peoples State Bank Member of National Credit Association

The Peoples State Bank of Arlington Heights is now a member of the National credit association which President Hoover is placing in operation to relieve the money stringency of the country. The position that this bank occupies in this community, is being recognized.

The plan of President Hoover is actually being put into operation and will give to the local bank and to others that are admitted as members an added strength that will create greater public confidence as well as strengthen their reserve.

The Hoover plan makes credit available to banking institutions and will release from the bank vaults throughout the country much of the frozen assets that some banking institutions held. There is already a renewed confidence and a greater feeling of optimism in the business world.

Better times are coming folks, whether you believe it or not. And one of the reasons is the operation of the Hoover plan as promulgated in the National Credit Association, of which the Peoples State Bank is now a member.

Plan Young People's Week at Presbyterian Church, Jan. 31, Feb. 7

"Young People's Week" will be observed at the Presbyterian church in Arlington Heights Jan. 31 to Feb. 7. The Christian Endeavor society will present special features at the church for both Sunday evening services. Jan. 31, will be a dramatization of "Samuel Called of God," Feb. 7, a pageant depicting Missionary work. Miss Fern Lorenzen and Miss Katherine Kealey are assisting in the Christian Endeavor work.

Hartman's Shoe Store Springs New Sensation

Hartman's Shoe Store in Arlington Heights are spring another local sensation by cutting prices this week lower than ever before. See their advertisement in this issue. This remarkable sale is to continue the rest of this month.

Quality shoes are at the lowest prices they have ever quoted, and people have been picking up a lot of real bargains, making real savings greater than before heard of in this community. If you need shoes see Hartman's; you will be glad you did.

"Shoes for the depressed pocket-books" is the idea.

Democrats Announce a Public Meeting Jan. 25 St. James School Hall

The Wheeling Township Regular Democratic Organization will have a public meeting Monday, Jan. 25, at 8 p. m. at the St. James Catholic school hall, Arlington Heights. John Lowe, Master in Chancery, will give an address on Judge Jarcecki's recent decision concerning taxes which will be enlightening and interesting to all people of the community. Ladies are especially invited. Refreshments will be served.

REP. FOSTER REVEALS DEEP TREACHERY

Bills Would Put All Cook County Prostrate Under Chicago's "Machine"

State Representative Frank E. Foster, of the Seventh Senatorial district, sends the following grave warning to his constituents, Cook county readers of this paper, of contemplated legislation to take practically all powers from local governments, and transfer those powers to "Chicago interests." (Mr. Foster twice voted last year against the Kelly plan (House Bill No. 11) for the concentration of the assessing power in the county under political control practically removed from the people):

Jan. 16, 1932  
Editor Cook County Herald,  
7 W. Davis Street  
Arlington Heights, Illinois.  
Dear Sir:

I am enclosing herewith a summary of House Bill 275, introduced by Representative Swanson on January 5, which bill would deprive every city and village in Cook county of practically all the powers possessed by them at this time. If enacted into a law Chicago would control all police, fire and health departments, our streets, sewers, etc.

I am calling your attention to this measure as it is in line with proposed legislation now pending before the General Assembly and because I believe that the people of the Seventh Senatorial District should be informed as to the moves made by Chicago interests to control everything in Cook county.

Menace of "Kelly Plan"

Two days later Mr. Foster supplemented the above with the following:

January 18, 1932  
Editor Cook County Herald,  
7 W. Davis Street,  
Arlington Heights, Illinois.  
Dear Sir:

The Kelly Plan is merely a forerunner of the Metropolitan District Bill, a digest of which I forwarded to you on January 16th.

While the proponents of the Metropolitan District Bill will vehemently insist that there will be numerous changes and amendments to the bill, careful study of the two will show that they are both part of a far reaching and ambitious program.

The following is Mr. Foster's synopsis of the House bill referred to:

House Bill 275

"Creates a Metropolitan District in any county in which is located a city having a population of over 500,000 inhabitants. Abolishes every sanitary, park and forest preserve district lying entirely or partially within the corporate limits of such metropolitan district and transfers all its property and corporate rights, powers and duties to the metropolitan district, except school districts."

"Such district shall be governed by a council consisting of the mayor of the city within the district, the president of the board of commissioners of the county in which such city is located, three members to be elected from within the city and two members from without the city within the metropolitan district. One member of the council shall be chosen president, whose salary shall be \$7,500 annually, other members of the council shall receive \$7,000 per year.

"Sets forth the procedure to be followed for the election of the council, a director of law as legal officer, a director of finance for the administration of the district's financial affairs and a director of civil service and two persons to be appointed by the council who constitute a board to perform duties relative to classified civil service.

"Sets forth in detail the rights and liabilities of the district, its power and duties, election of the council, administrative organization, the making of annual budgets appropriation ordinances, the levy and collection of taxes, making of contracts, the borrowing of money and civil service regulations."

Fishing license blanks for 1932 are being mailed out by the department of conservation to county city, and village clerks. Fishing licenses expire at the end of the calendar year.

MILK STILL AVAILABLE FOR RELIEF COM

Plentiful Supply at a Minimum of Cost; Delivered Daily

PURE MILK ASS'N. ACTS PROMPTLY

Statement of Facts Corrects False Impression in Paper

We are taking this opportunity of correcting something of an erroneous impression created by an article in this paper of last week's issue. As a matter of explanation let us say that on the institution of the Community Dining Room, as an effort of the local Relief committee, Mr. Edwin Hogreve, a dairyman north of town, was very kind in donating and delivering a considerable number of cans of milk to feed the hungry unfortunates. After some continuation on his part of this very worthy effort, he was asked by Mrs. Boireau, who has charge of the dining room, if it might be possible for him to deliver regularly, a can each day for which they would gladly pay \$1.25 per can. Mr. Hogreve, having a production of about 8 cans and able to sell only 5 1/2 cans as base, leaving him about 2 1/2 cans of surplus per day, not 24 cans as was erroneously stated in last week's issue, and feeling that this was an outlet for his milk for a good cause and at a price comparable to the base price being received by our dairymen, Mr. Hogreve consented.

Some false rumors were started among the other dairymen and because of these Mr. Hogreve approached Mr. Pohlman, the director of the Pure Milk Association, stating to him that he was receiving \$1.25 per can and was advised by Mr. Pohlman that it was contrary to the rules of the Association to sell milk at the base price to two dealers, whereupon Mr. Hogreve concluded that, to protect his market with his dairymen, he must refrain from bringing milk to the Community Dining room.

It was on the basis of these facts, but not all the details, that the recent article originated. Those in charge were uninformed in regard to the plans and methods of procedure of the Milk Marketing Association. Mr. Barrett, the Farm Adviser, who is familiar with those details, upon the publication, the idea expressed being contrary to the thought of the Marketing Association, a committee was called together on Saturday and upon the statement of facts from Mr. Pohlman, that there was not the slightest objection to Mr. Hogreve or any one else donating any quantity of milk that they desired; that there was no objection to Mr. Hogreve or anyone else selling his surplus at a surplus price and still further, there was no objection to those in charge of the dining room, paying Mr. Hogreve or any other farmer a reasonable sum for the delivery on top of the surplus price, the situation automatically cleared itself and certainly no one can take issue with the attitude of the Pure Milk Association, neither can they criticize Mr. Hogreve, who, in fact, has delivered as many cans without pay as he has delivered for pay. We feel the misunderstanding has been somewhat harmful to the Pure Milk Association and though it has been without some value and out of it an arrangement has now been completed whereby Mr. Fogler, the local dairymen and local milk producer, has agreed to furnish the necessary surplus milk at the surplus price which runs approximately 2c a quart and as his part of the contribution to the relief work in Arlington Heights agrees to pasteurize that milk so that our children, being taken care of at the dining room, will now receive pasteurized milk instead of raw milk which was the case before. They are also receiving it at the minimum expense to the Relief committee and thank fortune are getting their quota of milk and even urged to drink more.

This article of explanation has been written by the Farm Adviser, Mr. Barrett, who is acquainted with the efforts and interests of the Pure Milk Association as well as farmers in general, besides being on the Relief Committee of Arlington Heights and with the approval of Mr. Hauff, the president of the Arlington Heights Relief Committee.

## OBSERVER'S NOTES

O California, sunshine land,  
We long sighed for your coast;  
When strange to find, right here  
at hand,  
Comes all of which you boast.  
There's golden blossoms on the  
lawn,  
While gorgeous colors spread,  
In purples, crimson, gold and red,  
At sunset and the dawn.  
Dear Friends in glorious sunshine  
land,  
No more we fret and fuss,  
We send to you our greetings  
bland,  
Your climate comes to us!

Funny isn't it—here we are in  
old forsaken Illinois enjoying  
the California winter. Dandelions  
blooming on the lawns, crickets  
hopping up the door steps; the  
lawn spread as green as in April;  
tulips and other bulbs up five or six  
inches, and green onions in the gar-  
den.

At Hennepin in Illinois one fam-  
ily have been eating new second  
crop potatoes from their garden.  
From friends in California we hear  
the season has been a California  
like. Mrs. N. C. Volz writes this  
has been the most disagreeable  
winter they have spent in Califor-  
nia. Can't account for our milder  
weather unless it is because we get  
so "hot up" over the way our pub-  
lic affairs are conducted. Financial  
blunders and "Old Depression"  
generating heat enough to melt  
the regions about the North Pole.

Believe it or not, there is a new  
women's club, "The Scrub Ladies"  
Convention," and this is how it  
came into existence: Several of the  
young men among them Henry  
Harrison, Howard Helm, Henry  
Blum, and others who meet on cer-  
tain evenings in their homes to  
play pinocle. Their wives in the  
meantime group together, play  
games, and chat and maybe some-  
times plan mischief. At any rate  
they have resolved to form them-  
selves into this "Scrub Ladies Con-  
vention," oft may they convene.

By the way, speaking of clubs  
that was a worthwhile meeting the  
Legion and Lions club held Tues-  
day night this week. Certainly As-  
sistant State's Attorney C. Way-  
land Brooks said some much needed  
and worthwhile things. Indeed I'm  
moved to join the Lions club when  
the people of Arlington Heights  
find a woman in the place capable  
of being elected or appointed to a  
position of trust and honor. Mean-  
while I humbly and sincerely con-  
gratulate the Lions and the Legion  
on their splendid meeting.

This morning of January 15,  
there was a regular April thunder  
shower last night. This morning a  
degree of freezing and ever so slop-  
py. Picture what our streets would  
be without paving. Think of last  
year when our friend Mrs. George  
Peterson up on North Dunton  
couldn't take her car out because  
of the mud. It would be equally  
impossible now, but for the new  
paving. How glad those people up  
there must be for the late improve-  
ment.

One more evidence of spring's  
early approach: The morning pa-  
pers gave a picture of girls jump-  
ing the rope and boys playing  
marbles. What more do we need  
to prove it? Of course the news-  
mists will tell us we have often had  
our heaviest snows and coldest  
weather in March. What of it?  
Later will come the robins and the  
violets.

Glad to read that Farm Bureau  
Advisor Mr. O. G. Barrett has  
been down at the Old Illinois  
brushing up and finding all the new  
clever things those professors know  
beside golf and baseball. At any  
rate, I'm sure that our farm  
friends will give us the benefit of  
things they learn about what some  
people "Don't know about farm-  
ing" and of the farm situation.

Glad to see about the contest  
Queen in the late Countryside. It  
is amazing how our girls and our  
women are coming into their own.  
I'm sure the man who won Miss  
Laura Schoenbeck will be proud to  
install her queen of his heart and  
home. Women are said to be bet-  
ter air pilots, better auto drivers  
and all because of steeper nerves.  
Much to the chagrin of college stu-  
dents, their sisters are winning  
the scholarships.

I trust the ambition and fine  
achievements of our girls today  
will prove them no less capable of  
being better home-makers and  
mothers with steeper hand to  
"Rock the cradle" and a steeper  
brain, "To rule the world," so our

Maudie Muller on a summer day,  
Jumping in her plane and flies away;  
She didn't fill her small tin cup,  
And wait for the judge to drink it  
up;  
She knew he waited as judges will,  
For a snappier drink at a hidden

**FAT GIRLS! HERE'S  
A TIP FOR YOU**

All over the world Kruschen  
Salts is appealing to girls and wo-  
men who strive for an attractive,  
free from fat figure that cannot  
fail to win admiration.

Here's the recipe that banishes  
fat and brings into blossom all the  
natural attractiveness that every  
woman possesses and does it  
SAFELY and HARMLESSLY.  
In the morning take one half  
teaspoon of Kruschen Salts in a  
glass of hot water before breakfast  
—cut down on pastry and fatty  
meats—go light on potatoes, but-  
ter, cream and sugar.

"It's the little daily dose that  
takes off the fat" and "brings  
that Kruschen feeling" of energet-  
ic health and activity that is re-  
flected in bright eyes, clear skin,  
cheerful vivacity and charming fig-  
ure.  
But be sure for your health's  
sake that you get Kruschen. A bot-  
tle that lasts 4 weeks costs but  
little. You can always get Krus-  
chen at F. B. Wendt Pharmacy  
—and money back if not satisfied  
with results after first bottle.

still;  
The May may dry on the clover lot,  
Our Maude have somehow wisdom  
got;  
They can, if they choose the world  
explore,  
Despite the suitors that wait at  
their door.  
They can sit together and eat  
their fudge,  
'Till snakes carry home the unjust  
judge;  
Or till battered and beaten he will  
come,  
Imploping some Maude to take him  
home!

Whoever imagined we were go-  
ing to wear a bad luck tag and be  
taken over as the 13th district?  
No! No! You clever shrewd politi-  
cians may design a lot "putting  
over" schemes. Some of them will  
not carry. "You may fool some of  
the people all the time, and all of  
the people some of the time, but you  
can't fool all the people all of the  
time."

Speaking about patronizing our  
Community Storekeepers—by some  
clever magic the following fell in-  
to my hand: "A storekeeper sent  
from some other place (or inter-  
ests) to your community may be a  
good storekeeper, but his interests  
in your community isn't deep  
enough to make a real neighbor;  
boosting your community stores  
boosts your community." Some-  
how that seems to express my sen-  
timents. Take our home merchants,  
and dealers, they have given lib-  
erally to home relief work. They  
have carried many families on  
credit. One I know kept seven or  
eight families last year.

They have lived here and helped  
to build our town, paid taxes and  
assessments, supported our schools  
and churches and have been our  
neighbors and friends. Why should  
any of us fail to patronize them?  
Now, when their generous giving,  
their forced credit and general  
business depression makes them  
more than ever dependent on our  
home trade? Why?

The world today is waiting  
In strained expectancy;  
For knowledge far outrating,  
Things we now know and see.

We've scaled the lofty mountain  
height,  
Sounded the deepest sea;  
Tapped earth to give us heat and  
light,  
And our motor power to be.

Like the far famed "Excelsior"  
youth,  
We've reached the mountain crest;  
Uncovered many a hidden truth,  
Resolved to know the rest.

Our autos bear us to explore,  
Deserts and distant lands;  
In airplanes high through air we  
soar,  
Where the vast unknown com-  
mands.

Yea it commands our hidden power,  
To search the truth to find;  
Using our gift, God's greatest  
dower,  
The dormant power of mind.

Voices from world's end now we  
hear,  
Poets and peers and kings,  
We try beyond man's skill to peer,  
For stranger mysterious things.

The mystery of the Radio,  
Bringing from near and far;  
Wonders, to show we little know,  
Of the greater things which are.

Peoples of all the earth await,  
Expectant in appeal;  
For wider opening of the gate,  
The unknown to reveal.

Some strange things result from  
or in connection with our mild  
winter weather, while the lawns  
are green as in April. The inside  
plants do not all thrive. We hear  
that Mr. Poulson's sweet peas had  
grown finely until the blossom buds  
had formed, and unfortunately  
were all blighted, presumably lack  
of sunshine.

About those products of the  
southland we are so fortunate as  
to have brought to us. Here came  
Mr. James Hawks with a load of  
his fresh home grown peaches from  
near New Orleans. Thus adding  
to our good things to eat grown  
only in the warmer climates.

That reminds me, that Mrs. A.  
F. Volz had a letter this week from

Mrs. Hendrix, who has long been  
a resident of Florida. She writes  
the winter is all right, fruits and  
flowers flourish. Yet alas! There  
must be something wrong with the  
weather, for the crop of tour-  
ists is this year a sad failure.

Right here let us bid them cheer  
up! A card from Mrs. G. R. Wolf,  
tells us this morning that with her  
daughter, Georgie Ray, and her sis-  
ter and husband, she is delightfully  
situated in an apartment in Lau-  
derdale Arms, Fort Lauderdale,  
Florida. Where the scene of light-  
ed boats passing up and down the  
river is magnificent at night, and  
where they are well and enjoying  
Florida's lovely climate.

Other tourists we have added to  
Florida's crop are Mr. and Mrs.  
Sherrill and Miss Emily Schne-  
berger, Mr. and Mrs. Prasinos are  
also in Florida. And more Arling-  
ton people are now there or plan-  
ning to go, Mr. Volz' aunt, Mrs.  
Louise Reike has gone there to  
spend the winter. Some of us must  
stay at home to put the cat out and  
wind the clock.

The best thing I have known this  
week,  
Is one of which I scarce dare speak;  
Yet this one secret I'll tell you,  
Has given courage work to do.  
A friend ever to me most dear,  
Sent me appreciative cheer;  
I love my work, yet sometimes miss  
The helpful courage brought by  
this.

A little word of appreciation is  
like raindrops on wilting flowers.  
It cheers and revives. Why are we  
so loath to speak the words of  
cheer we all need at times when the  
heart is weary and courage flags?  
We all know:  
"The love of praise, however con-  
cealed by art,  
Rules more or less, and dwells in  
every heart."

We are so glad for some of our  
newer residents who are doing and  
leading on in splendid community  
work. Too often it has been peo-  
ple who were eager to spend other  
people's money who forged to the  
front to lead. We are thankful that  
day has passed. In the public re-  
lief now carried on no difference  
or distinction, relief is the incentive  
which prompts to unselfish giving  
and work.

A wind blown town on the prairie,  
Was peopled so long ago  
By pioneers from many states,  
In an onward westward way.  
They came from far New England,  
New York and the southern coast;  
Each always ready to take his  
stand,  
And for "Way back home" to boast.

From Kentucky and Virginia,  
It was very few who came,  
They never seemed quite to belong  
Though proud of their state and  
name.

The traditions of the pioneers,  
Have left their hold to this day,  
Yet a vanished generation  
May sweep narrowing lines away.  
Since truth is truth and right is  
right,  
Since ever beneath the sun,  
The wisest and best  
Shall rise on the crest  
And justice at length be done.

The farmers' of New England,  
Could not till the western land  
Midwest and Germans bought  
them,  
To work, to build and expand;  
In that far time the tradesmen  
Sought for customers in vain,  
Limited were the sales at hand,  
And limited was their gain.

O, the winds swept over the prairie.  
In the days of the pioneers;  
Yet firm in faith and in purpose,  
And in all that man reveres;  
Small their gain and their getting,  
Rough were the paths they trod,  
Yet through ways of trials beset-  
ting,  
They clung to their faith in God.  
They dwelt not in the shadow  
Of our modern Babylon,  
Their fields the wood and the  
meadow  
Were the ways that led them on.

A sparrow sold for a farthing,  
Or fields of wheat for the land;  
Yet deep the schemes were unfold-  
ing.

In some of that pioneer band;  
O the winds swept over the prairie,  
Yet who is here left to keep  
The farms, the shops, the homesite,  
While on yonder hill they sleep;  
The pioneers who, day and night  
Ever toiled but little to reap.  
Their farms are sold for play  
grounds,  
Their sons are in shops or trade;

## BOWLING NEWS

DREYER'S WIN THREE FROM  
KARSTENS

The Dreyer Electric Boys took  
the Karstens Boys for three games  
and put themselves on even terms  
for 5th and 6th place or the base-  
ment. Prehm lead the Dreyer boys  
with a 596 series, while Captain  
Wm. Knockemus of the Karstens  
team lead his teammates with a 245  
game for high and a 600 series.  
On alleys 1 and 2 the first place  
Candy team was having it out with  
the second place Truck Drivers for  
first place, but all the trucks could  
take was but two games to go into  
a tie for the lead. Fred Kehe shot

The race track where in leaps and  
bounds,  
Fortunes are lost or made.

The winds sweep over the prairie,  
Where homes like palaces rise,  
In architecture they vary  
From homes where the old town  
lies;

They hold new kindly neighbors,  
With lofty ideals and true,  
They bring new life to heaven  
Let us urge them to lead and do.  
They're many gifts that vary,  
Many schemes and plans untied,  
In this old town on the prairie;  
May Wisdom be the guide,  
May the courage of right con-  
victions,  
Lead men to do and dare,  
Without hindrance or restrictions,  
To build our city beautiful fair,  
A city of homes founded on right,  
In physical, mental and spiritual  
might.

Elmore Crisler Haynes.

Must Raise \$75,000  
To Keep Maine High  
School Open Feb. 1

Seventy-five thousand dollars is  
needed to keep Maine high school  
open after Feb. 1; \$90,000 for full  
efficiency, it was announced last  
week. Of this amount the teach-  
ers have pledged \$24,000; the pub-  
lic \$11,000, a total of \$35,000.

It would be "pure waste" it is  
said, to keep the high school open  
for only a part of the semester;  
since pupils must complete the  
semester in order to obtain their  
credits.

The money is being raised by  
the sale of 1931 tax warrants. It  
is said that the students themselves  
have subscribed to the amount of  
\$6,000. The P. T. A. is active in  
the drive.

623 for the Truck Drivers while Ed.  
Thompson led the Candy boys with  
618.

On alleys 5 and 6 the strong  
Steinke Five took the Gieseke Store  
boys for two games, which breaks  
their winning streak of winning  
two games for 8 weeks straight,  
now a fresh start boys. Geo.  
Winkelman led the Steinke boys  
with about the best series he has  
shot this season, 624. While Al  
Carlson was leading his teammates  
with 643. What a Carlson with a  
207 average.

**Team Standing**

**South Side Breezes**  
Several ladies from the Auxiliary are going Thursday night to attend the ninth district meeting at John S. Conley unit.  
Mr. and Mrs. Chas. Grandt and children spent Sunday at Wheeling where they helped celebrate the birthday of Henry Grandt.  
Mr. and Mrs. George Dobbins, Mr. and Mrs. Lester Dobbins and Mrs. Ruth Klehm, went to Champaign Sunday to attend the funeral of Mrs. Dobbins' niece.  
Wm. Kopplin returned Monday from a lecture tour in Canada.  
Mr. and Mrs. Sotan and Little son, Harry, were week-end guests at Walter Lennartson's.  
Mrs. Chas. Grandt entertained the Thoughtful Eight club at her home Tuesday evening. Light refreshments were served by the hostess.  
Miss Swenson of Chicago spent Sunday afternoon and evening with Mr. and Mrs. George Hearn.  
Dr. and Mrs. C. W. Barrett and Mr. and Mrs. Owen Blanchard of Chicago, were Sunday guests at O. C. Barrett's.  
Monday, Mrs. Walter Lennartson attended the Irving Park Woman's club of which she is a member. In the morning she heard an illustrated lecture on sculpture and in the afternoon heard Princess Der Ling speak on "At the Manchou Court." Besides hearing these worthwhile lectures, she saw many old friends and had a most enjoyable day.  
Mr. and Mrs. George Palmer and children spent Monday at Harvard visiting relatives. Both Helen and the baby have been having the whooping cough and missed a lot of Christmas fun.  
Mr. and Mrs. Frank Sauer visited their brother-in-law, Mr. Schwenson, at the Evanston hospital, Sunday. It was necessary to remove his injured eye last Friday. He is now at his home in Edison Park.

**Local Happenings**  
A group of the Legion auxiliary will go to Elgin on Sunday to take cake, jellies, etc., to some of the disabled men there.  
We are glad to report that Richard Best is improving quite rapidly, and will soon be back home from the hospital.  
Monday night the Dianas won another game at basketball. This time the defeated team was Downers Grove. The same night the men lost to Crystal Lake.  
Mr. and Mrs. Elmo Williams were the dinner guests of the Gaare family.  
Sunday the Harley Bird family spent the day in Chicago visiting with Mr. Bird's sister.  
The Fidelis circle met with Mrs. Harvey Daggett last Wednesday evening.  
The Presbyterian Woman's Missionary society held its regular meeting last Thursday. It was an all day meeting. In the morning the ladies made two comforts for a layette to be sent away to Guadalupe Mission. Luncheon was served at noon, and the regular devotional meeting in the afternoon. The yearly Thanksgiving service will be held Feb. 7, with Rev. H. A. Kossack giving an address on Korea, and with a male quartette furnishing music. This is being held to complete the yearly quota of the society for its missionary work.  
Mr. and Mrs. Briggs attended men's night at the Austin Woman's club Tuesday evening, and heard Dr. W. P. Dearin, president of Oakland City college, speak on "The Other Fellow."  
Children in the North School rejoiced when they saw their much loved Miss Clark back with them Monday.  
Mr. and Mrs. Cherry will drive to Clinton, Wis., to visit some old friends conducting a chicken farm there—that is, if the weather stays mild.  
Date for the oratorio of the Community Choral society has been set for February 19. Be sure you save that date, because you will not want to miss this great event in Arlington Heights.  
Monday this week, the Young Women's Missionary society of the M. E. church met at the McElhose home, with Miss Laura McElhose and Mrs. James McElhose as hostesses.  
Sunday Mayor Flentie and his wife and son drove to Addison to spend the day with relatives.  
Mr. and Mrs. Hauer and Mrs. Albert Koberle, Mrs. Hauer's sister, drove to Chicago Heights, to attend a funeral of a cousin, Monday.  
Mrs. Skoog entertained her bridge club Wednesday afternoon.  
Mr. and Mrs. A. G. Haseman entertained the following guests to Sunday night supper: Mr. and Mrs. E. Deines, Mrs. Marshall Howard, and Mr. and Mrs. Wallace Johnson of Chicago.  
Next Monday the Dianas will play the Pickwick team from Des Plaines. Tuesday night they go to Lake Zurich to play that team on their home grounds.  
Mr. Charles Klehm is improving right along after quite a severe attack of yellow jaundice.  
Mr. and Mrs. McCollum entertained a few guests Thursday evening to a few hands of bridge.  
Mr. and Mrs. Geo. Davidson had as week-end guests, cousins from Oak Park, and also Mrs. Davidson's sister.  
It was nice for the folks to see Mr. Taylor in the pulpit again Sunday.  
Miss Sparks of Chicago is visiting with Mrs. Watson for a few days.  
The Women's Foreign Missionary society of the M. E. church met with Mrs. Charles McElhose last Wednesday. The lesson was based on Mrs. Pearl Buck's autobiography and writings; also an interesting

**Game Battles Put Up By Grade School Team**  
The grade school basketball boys of Arlington Heights played two games with Dundee Friday afternoon in the Methodist gymnasium. The lightweight boys won 21 to 18, and the heavyweight boys won 27 to 27. Both games were not only close, but very hard-fought.  
Two games were played Tuesday night this week at the same place, with Crystal Lake.  
The Crystal Lake lightweight boys beat Arlington Heights 14 to 13 in an overtime period. The score was tied 12 to 12 at the end of the game. Arlington Heights made a free throw in the overtime period, about 1/2 minute before the end of the period. Their opponents made a basket also.  
The heavyweight game was won 30 to 6 by Crystal Lake. They had two last year's players, who did most of the scoring. Their whole team was exceptionally fast.  
Two games will be played at the Methodist gymnasium Thursday afternoon this week with Wauconda.  
Coach Weller had an absolutely green team to start with this season, and as some games have been close, is not discouraged. The boys have been learning right along. By the time the season is over, there will be a very good team here, he feels certain, and this should count next year, even if nominal victories have been lacking so far.  
A letter was read from Viola Miller who has recently sailed for China.  
Mrs. Pate is getting along nicely after that sudden operation.  
Mrs. Hauer entertained guests from the city yesterday, for dinner as a sort of farewell to Mrs. Strand and her daughter, who are leaving next week for a trip to California.  
Mrs. J. E. Best, writing to a friend while appreciating all the beauty of sunshine land, advises her if intending to visit California soon to be sure to bring her winter coat and fur.  
The Men's club of the Presbyterian church enjoyed an interesting meeting last Friday night. Mr. Morrison, an enthusiastic speaker for World's Fair, gave a "live wire" appeal for all to do their part in this world show. All who hope to be here take notice.  
Rev. and Mrs. H. A. Kossack and daughters were Thursday evening dinner guests of Mr. and Mrs. D. H. Prosser, 4 South Vail avenue.  
Mrs. Elmer Winkelman of Des Plaines was a guest of Mrs. James Thomas, Tuesday.  
George Haseman and children came out from Chicago, Sunday to be with Mr. Louis Luettichwager, who has not been so well of late. Mrs. Geo. Haseman has been with her father for several weeks.  
Richard Best is expected home from the hospital at the end of this week.  
Little Gerta Laubinger was taken to the hospital in Chicago last week Wednesday and was operated on Saturday for appendicitis. She is doing nicely.  
Mrs. James Thomas invited a few ladies to a "quitting bee" at her home Tuesday.  
At the Methodist Men's club Wednesday night this week, Mr. Raymond Hayes was to give a review of a new book, "Wellington," by Phillip Guedalla.  
Mr. and Mrs. William Wichman of West Wing street, Arlington Heights, entertained Sunday Mr. and Mrs. Julius Heims and their daughter and family of Chicago; also Martin Schoenbeck, wife, and the Wichmans' granddaughter, Gladys, now resident in Glenview. Not having seen her granddaughter in eleven years, Mrs. Wichman was overjoyed on this occasion.  
Miss Mayme Hahn, of Wilmette, spent Friday evening and Saturday with the Misses Betty and Rose Tonne.  
Mrs. John Mayer, N. Dunton avenue, is recovering from a bad case of tonsillitis.  
Mrs. Louise Tonne of Lake Zurich is spending a few days with her daughters in the Vail apartments.

**LEGION AND AUXILIARY TO VISIT HOSPITAL**  
On Sunday, January 24, the members of the American Legion post and its auxiliary are making a trip to Elgin, for the purpose of hospitalization work there among the ex-soldiers. This plan was announced for last week but could not be executed at that time. The reason for this announcement is the appeal for magazines, newspapers, carpet rags or other articles for occupational use, or for any of the numerous articles that help to make a disabled man less miserable. If you have such articles, let the Legion or Auxiliary members call for them. You may leave your message at the Legion home, telephone 1572.  
Each of the ladies of the Auxiliary is donating a cake for a party to be given to the boys on Sunday afternoon. The men of the Legion post are contributing cigarettes for the men of the hospital.  
Cars will leave Arlington Heights from the Legion Home at 2:30 p. m. on Sunday. Interested persons are invited to arrange to go with some of these cars to see the work that is being done.  
**Change-of-Life Made Her Cross, Nervous**  
"My husband hated to come home when I had change-of-life. I was so cross, I was a nervous wreck but Vinol built me up and I feel like a new person now," Mrs. E. Buck.  
Nervous, tired, run-down women or men need the help of iron, lime and cod liver peptone as contained in Vinol. Even the first bottle brings new pep, better appetite and sound sleep. Aids digestion and makes red blood. Tastes delicious. Get Vinol today! Sieburg Drug Co.

# STREAMS ARE COOK COUNTY FOUND PUTRID

## Advisory Committee Asks Clean-up and Strict Rules Hereafter

"The streams traversing the Forest Preserves are putrid. The stench arising from them is nauseating. They are a menace to health, and a sickening eye-sore to observe. They must not remain in their present repulsive condition." So said George A. Hughes, chairman of the Cook County Clean Streams Advisory committee concerning the 75 miles of waters that are interwoven throughout the 34,000 acres of the Forest Preserves.

And because of these conditions, Emmett Wheelan, president of the Forest Preserve commissioners, established the Clean Streams Advisory committee to make a survey to ascertain sources of pollution with the objective of eliminating them. Engineers supplied by the State Sanitary Water Board, working in conjunction with officials of the Forest Preserve district, and under their direction, have been engaged for months in making a minute and detailed survey.

A preliminary report accompanied by resolutions and recommendations has been submitted by the Clean Streams Advisory committee to President Wheelan and members of the County Board for action by the commissioners. The report urges the State Sanitary Water Board, which body possesses full power to bring about the necessary changes to eliminate water pollution by directing municipal governments in the state, to construct adequate sewage systems, to "exercise its duties and its powers so that all sewer systems in the future to be installed or maintained in Cook county shall be so as to comply with provisions supplied by the committee. The document stresses two points—the prevention of future stream pollution, and the abatement of present pollution. The County Board and Board of Forest Preserve commissioners are also urged to adopt the resolutions that embrace the Clean Streams principle and recommend to the Sanitary District and every city, village or incorporated town in Cook County that all future systems be installed or changed to comply with the provisions as set up by the Clean Streams Advisory committee.

Most of the sewer systems now existing are of the "combined" type, both storm water and sanitary sewage flowing into the same sewers. Because it is impossible to keep the streams clean by the treatment of only the dry weather flow and a portion of the wet weather flow from combined sewers, the future installation of combined sanitary and storm sewers should be prohibited except in a few sections where it may be proved economical.

Correction of these conditions has as its guiding principle economy. Where existing sewers are found to function satisfactorily, no change is recommended. Only such construction is recommended that is imperative, and necessary for elimination of pollution. These resolutions were drawn when a report of the survey made along Salt Creek was studied by the committee. Further surveys are being made daily of other waters in the district. The report of the Salt Creek survey reveals the total of 191 miles, its main stream being 45 miles and its tributaries 146. The survey shows 542 outlets made up of public and private sewers, field drains, road drains, golf drains, overflow of storms and other sources of pollution. The resolutions urge further

that no permit be given for new sewer systems or combined sewers or additions to existing systems or combined sewers in the Des Plaines river and its tributaries upstream from Joliet.

It is further urged that Cook county be treated in so far as sound engineering and economics permit so as to restore and assure an adequate seasonal flow and depth of clean water free from pollution, and thereby conserve for the people their health and safety, their recreation spaces, water transportation, aquatic life, property values and agricultural uses.

The personnel of the committee is composed of George A. Hughes, chairman; C. E. Christopher, River Forest; Charles S. Stewart, Des Plaines; Robert E. Wagner, Chicago Heights; Carl M. Behrens, Arlington Heights; and William B. Moulton, Chicago. Charles G. Sauer, general superintendent of the Forest Preserves is secretary.

## Ever Ready Club Holds Family Party with Mr. And Mrs. Otto Hermann

The Ever Ready club held their regular meeting Wednesday last week with Mrs. M. Saar. After the business session they discussed their family party with their men folks, to take place Saturday night.

Mrs. C. A. Lorenzen was a guest who came to exhibit a collection of quilts for the club to select patterns from for their use. Mrs. Nels Oleason was the pleased winner of an embroidered tea towel.

The company adjourned to meet for their jollification party Saturday night with Mr. and Mrs. Otto Hermann on South Evergreen avenue. They came the full membership with the men of their families; all primed for the grandest good time ever yet. They played cards according to Hoyle—and when some grew tired of the brain storm, they went aside to separate tables and played buncos. After the games were all won, the tables were spread altogether from here to there and Mrs. Hermann, the generous hostess assisted by the committee, Mrs. Bohlen and Mrs. Saar, spread a feast fit for the gods, or Ever Ready, everything good to eat was there—and all were ever ready to partake thereof. If any were getting ready for Lent it didn't show on them.

The table was laden with everything good, specially the home made Parker house rolls and Mrs. Hermann's coffee cake. The men bodies won't need coaxing to go to the party if another is given. They were loath to go home, and only did so when they heard the sun threatening to come up on Sunday morning.

## Garden Club Hears Nature Is Steady Worker in Winter

The Garden club, of Arlington Heights, meeting last Wednesday evening, Jan. 13, at the home of Mr. and Mrs. Paul Patrick, 319 W. Hawthorne street, enjoyed an instructive talk by Mr. Arthur McElhose on "Nature and Gardening." Contrary to what is commonly supposed, something is going on in gardens all the time, Mr. McElhose showed. The Indians named the seasons after what nature was doing at that time of year, he explained.

Miss Minna Miltzer exhibited a bloom and a bud of the South African plant, called Schincherinchee, shipped from its native country Dec. 12. The peculiar name was given by the natives to the plant for the noise it makes as crumpled when dry. The flower, somewhat resembling the "snowball" here, the peculiarities of this plant are described in the current "Delineator" magazine.

Or a Punch  
The man who is constantly in the public eye is apt to get an occasional rub from the public knuckle.—Terre Haute Tribune.

# Home Town Activities

## April weather continues.

Born, a daughter to Mr. and Mrs. William Annen of North State road, January 12.

Mrs. George Schneberger is acting in Mrs. G. R. Wolf's place in the Relief work, while Mrs. Wolf is in Florida.

Mr. and Mrs. J. C. Uselding entertained as Sunday guests afternoon and evening, Mr. and Mrs. Nicholas Uselding and family of Chicago.

Mrs. Day, who is for the present with her daughter, Mrs. Rex. Volz, spent a few days last week in the city and also on a visit to her uncle in Indiana.

Mr. Henry W. Boeger of Hollywood made a business trip to Chicago, and meantime visited his relatives in his old home town, Arlington Heights, last week.

"Trade at Home" is a good slogan.

Thursday, last week, Mrs. C. P. Draper and her daughter, Mrs. Klehm, entertained their old time group of friends as afternoon and supper guests. This was their annual Christmas time party, unadornedly belated. Little Carol Bruhnke was delighted with the beautiful Christmas tree in all its glittering ornaments, and the older guests as heartily enjoyed the hospitality always dispensed in the Draper home.

Mrs. Otto Heiman and children visited Miss Lucille Brown at Ravenswood, Monday evening.

Lawrence Newling, of Chicago Heights, visited his aunts, Mrs. Blume and Mrs. Garland, last week.

Have a heart and don't forget "Peg O' My Heart" Thursday, Jan. 21.

Mr. and Mrs. R. J. Rizzi entertained as Sunday guests two families, one from Winnetka and one from Glenview, old time pals of Mr. Rizzi.

Dr. E. W. Bauman and his assistant spent two or three days this week attending an annual dental clinic at the Stephens hotel.

Mrs. William Busch entertains the South Side card club Monday evening next week, in her home on South Evergreen avenue.

Mr. and Mrs. Peter Thomas of Kensington road entertained as Sunday guests in their home, Mr. and Mrs. Gabriell and children from Chicago.

Mrs. James C. Wayman, entertained the old time "500" club in her home last Wednesday—a long delayed meeting of this old time group.

Mr. Wm. Boeger of Hollywood is here visiting friends and relatives, while attending the Annual Dental convention in the city. Mr. Boeger represents the Dental Supply company in the west. Don't you remember "Willie" Boeger?

Mr. and Mrs. Julius Vogel entertained a group of Mrs. Vogel's brothers and sisters and their families in their home Sunday, Jan. 10. Just a happy get-together family party.

Mrs. F. B. Fields of Palatine was a guest at the Sunshine club in the home of Mrs. John Rodewald Thursday afternoon.

Mr. Charles McElhose entertained the Missionary society of the Methodist church in her home last week Wednesday.

Mrs. Julius Fuhr of West Hawthorne street entertained a group of ladies. Cards and genial social exchange of pleasing thoughts and happenings not to forget refreshments, Thursday last week.

Mr. and Mrs. J. Y. Beatty and daughter came over from Oak Park to visit his mother and see how the old home town grows.

Mrs. H. Bauman came from Chicago to help her sons, Dr. E. W. and Herman Bauman celebrate their birthday in one. She spent her time in the home of her son, Mr. Herman Bauman, Dr. E. W. being away from home missed his share of mothers' visit.

Ensign George Klepper, Jr., after completing his naval training, came back to his home town and is now engaged as engineer in construction work, and with his wife is living in the Landmeier apartments. He is keeping himself fit for a call to service by practicing his aviation training by flying about on Saturdays his free day. Haven't you heard the roar of his plane on the air?

Mr. and Mrs. Roy Dobbins from Pierson farms were Sunday dinner guests of Mr. and Mrs. C. F. McElhose and family.

Mrs. F. A. Whiting has been entertaining small groups of ladies to assist her in outfitting some very fancy and beautiful gifts.

Mrs. Frank Cizek is entertaining a group of ladies Thursday afternoon in her home on North Highland avenue. Cards and other entertaining features will make up a pleasant afternoon for the company.

O Me heart! "Peg O' My Heart" Sure we'll be there Thursday night the 21st.

Mr. Edward Einfeld is out on a three week's business trip in the interest of the company with which he has long been connected.

Prof. and Mrs. Wm. Cleveland spent Sunday with his parents, Mr. and Mrs. H. C. Cleveland and son, little Billie.

Dr. H. G. Dunn was attending the Annual Dental clinic in the city first of the week.

Mrs. A. E. Einfeld entertained a few intimate friends in her home Saturday afternoon.

Note Please: The Ladies' Aid of the Presbyterian church will give a supper in the dining hall, Wednesday, Jan. 27. Supper served at six o'clock. Adults fifty cents; children under twelve years of age, 35 cents. A cordial invitation is extended to all. Come, enjoy a good warm supper, and a genial old neighborly good time.

Mr. and Mrs. Elmer Crane entertained their annual family party in their beautiful new home on North Belmont avenue, Sunday, Jan. 17. His parents, Mr. and Mrs. L. L. Crane, their son and daughter at home; Mr. and Mrs. Harold Hastings, their aunts, Mrs. Thurbur and daughter, Miss Ella, Mrs. Maria Higgins and Mr. and Mrs. George Hughes. Mr. and Mrs. Elmer Crane are always so generous in sharing their new home and all good things with their friends. Everyone had a joyful good time. Mrs. Thurbur and her daughter had not been able to be present at other family gatherings and did so happily enjoy the new home and all the family gathering and did so happily Christmas time the Christmas spirit was present with host, hostess and their guests.

Mrs. Helen Garland, a cheerful worker is never too busy to gather her friends into her home for a bite and a sup and a dandy good time together. Monday afternoon she entertained some of those who have long stood near her in times of stress. O did they have a cheerful party? Ask Helen.

Mrs. J. C. Boeger recently received a letter from her daughter, Mrs. Gordon Buel, in Cincinnati, who says they are all well. She speaks especially of her sister, Anne (Mrs. Lyman Nickol) who went with her husband down to that city in the hope that the change would improve her health. After not seeming so well for a time, is now after becoming acclimated, much improved in health.

Miss Mae Krehbe, who has been visiting her nieces and their father, Mr. H. F. Martens, has gone to visit friends at Elmhurst.

Just appetites for the Presbyterian ladies' aid supper, the 27th.

Mrs. Henriette Geffert's holiday cheer has been extended by the coming of her son, Rev. Walter Geffert, with his wife and child from Canada to answer a call to a church at Mokena, Illinois. After visiting his relatives here for a time he was installed at the Mokena church Jan. 17; his brother, Rev. Rudolph Geffert of Harvey conducting the installation service. Rev. Walter Geffert tells his family here they do not realize all we have to be thankful here when we complain of "depression." Where he came from people had no fresh vegetables such we can easily have, and their fare consists of but three articles of food. If you don't know what that means, see the displays in our market windows.

Mrs. F. A. Whiting entertained as Sunday guests Mrs. Cook and her daughter, Mrs. Peck and husband, from Chicago.

Mrs. Fosha drove from German Valley, two weeks ago, to spend her 67th birthday with her daughters, Mrs. H. A. Kossack and Mrs. Paul Miller of Chicago. She returned home last Saturday.

You know the old saying, "While the cat is away, the mice play;" just like that while Mamma and Papa Dobbins were holding a mid-night "fast" with choice spirits, Miss Dorothy Dobbins had a jolly little company of sixteen young folks to enjoy a dignified Mid-Victorian party in a most approved fashion. At any rate Miss Dorothy sagely remarks, the house was still standing when the parents got home.

The Sunshine club met with Mrs. John Rodewald Thursday last week. In absence of the President, Mrs. Paul Hoffman, who went to be with her mother, who is ill, the election of officers was postponed until the next regular meeting. The afternoon was pleasantly spent with cards. Mrs. Eva Goodrich and Mrs. Field, came as substitute players.

U. A. Reese made a business trip to Madison, Wisconsin last week. Mrs. Joseph Wichter of West Campbell street invited several ladies to a one o'clock luncheon in her home Thursday last week, to help her to forget she was just one year older than January 14, last year. A well appointed chicken dinner with hors d'oeuvres galore. A genial social afternoon with cards. The first prize was won by Mrs. Bromm; 2nd prize Mrs. Teltamle. Beautiful gifts for the hostess gave her happy thrills, you may be sure. The guests were: Mrs. Grimstear, Mrs. Teltamle from Cicero; Mrs. Bromm, Mrs. Rude from Berwyn, Mrs. P. Hertel and Mrs. P. J. Moss, L. B. Brockmeyer of Arlington Heights.

The Woman's Bible class of the Presbyterian church met last Wednesday to sew on garments for relief work, some for local needs. Whatever these earnest Christian workers find needs to be done they do it, with a might.

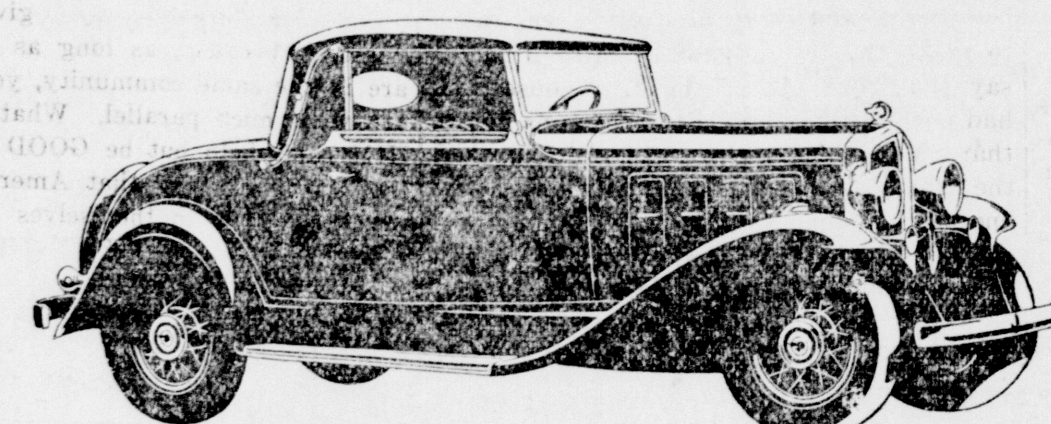

Here's a tragic "happening" Monday morning as Mrs. Brannan was coming out for a visit with the H. C. Cleveland's, just before reaching Irving Park, two men with guns stepped up to a young woman sum of money for the Irving Park bank, where she is an employee, they grabbed her hand bag containing the money hustled out and were in their waiting auto and gone before anyone knew what happened. This tale will have a sequel.

So glad that Mrs. Miles is so almost miraculously recovering. A fine ride she gave one of her friends Monday in the April sunshine, and O how beautiful was the hill country and the shining blue sky reflected in the blue, blue lakes, Crystal Lake, Slocum, Wauconda and Zurich. The day was beautiful and all are so happy to see Mrs. Miles so far recovered as to drive out in her skillful way, always remembering to share the joy of it with others.

## The Burning Question in Every American Home Why Should I Patronize Independent Merchants?

By WINFIELD H. CASLOW, The Main Street Crusader

Why is it that so many people, the moment someone suggests that they should trade with the Independent Merchant, instantly assume that they are being solicited for some sort of Charity?

Is it by any means a variety of CHARITY, this patronage of the Local Store? If so, then it must be Charity which urges American People to maintain their national defenses!

It must be Charity on the part of those statesmen of today who so properly oppose reduction of American Armaments while other nations maintain their war machines!

It must be Charity when American People urge the consumption of American Products, in preference to foreign goods, in the American market!

It must be Charity when Chicago Business Interests plead with the Public to buy Chicago-made products to aid Chicago Business!

Certain, all these are Charity, if the doctrine of Independent Trade is to be so classified!

**IN THE MATTER OF TAXES: —**  
There is the Tax Matter which must be considered.

It is a matter of record that Chain Stores in Chicago are being assessed on the personal-property values of \$500 to \$650, while Independent Stores in the very same locality considerably smaller, and doing much less business, are required to pay taxes on the basis of valuation of \$900 to \$1,000!

In the City of Detroit, three Chain Store Corporations claimed a total valuation of \$3,500,000, for all their stores; but, when a survey had been made by the Assessor, they were required to pay on the basis of a total valuation somewhat in excess of \$8,500,000! An attempted "steal" to taxes on a five million-dollar valuation, by three chain companies alone!

In Fort Wayne, Indiana, it was found that one Chain Company with warehouse and something like sixty stores had paid less than one-fourth the taxes paid by one jobber and an equal number of Independent Stores!

In Cape Girardeau, Missouri, a large chain store claimed valuation on stock and fixtures in the amount of \$900. A Citizens' Committee investigated and estimated the actual valuation to be in excess of \$14,500! This, on ONE STORE ALONE! And the Company PAID its taxes on the basis of the revised valuation!

When one considers the position of advantage which these large chain corporations hold in purchasing or otherwise gaining special consideration from political offices whose corruption is generally known, how can the public expect that the Independent Merchant will get anything like a "break" with his gigantic enemy?

And the patron of the Chain Store is supporting TAX - DODGERS OF PROVEN REPUTATION! Is it CHARITY to refuse patronage to tax-dodgers in such times as these?

### PERTAINING TO UNEMPLOYMENT

It is a repeatedly proven fact that Chain Store Corporations specialize in reductions of their working forces. Long hours are the order of the day for Chain Store employees! Needless to say, when employees are forced to work long hours, fewer employees are needed to take care of a given volume of trade.

Chain Store operators are notorious for the ruthlessness with which they apply the knife to their working forces. Men and women are discharged without notice on the slightest pretext, without any redress whatsoever. Anyone who questions that may be convinced by reviewing the writer's files, in which there are hundreds of letters from radio listeners who tell pitiful true-stories of Chain Store ruthlessness toward employees. Is it CHARITY to refuse patronage to such institutions in Business?

### RELATIVE TO LOWER WAGES: —

The inevitable result of LOWER PRICES and BARGAIN BUSINESS is reduced income for the workers in the institutions featuring such attractions.

Chain Stores have slashed wages to the very bone, in the City of Chicago. The Chicago Federation of Labor openly recognizes in the Chain Store one of the greatest menaces to the welfare of the Worker.

As a glaring illustration of the attitude of Chain Stores toward Wages of their Employees, I broadcast on Wednesday evening, October 28th, an affidavit of one Christ Schulze, 1253 Nelson St., Chicago, who testified under oath that he had worked for nine long days for the Consumers Stores, and was REFUSED HIS ENTIRE PAY! Not one cent would he be paid for his services!

This is only one case in thousands to show the attitude of the Chain Store toward the income of its employees. Is it CHARITY to discriminate against such an institution?

### REGARDING INDUSTRIAL INFLUENCES: —

Not only does the Chain Store contribute to Unemployment and Lower Wages in its own ranks. Its influence in these directions in the industries which it supports is equally pronounced.

Buying as it does in large quantities from few manufacturers, the tendency is to place the business with a FEW, BIG industrial corporations, on a close-price basis; and this accounts for the universal death-rate among small industries throughout the country.

It is a well-known fact that the larger the volume of a manufacturing institution, the greater the tendency toward mass-production, with machinery replacing men on the job of production. Thus it is easily seen that Chain Store buying is the greatest boon possible to modern mass-production, which has reached such an extreme that it is daily adding to the numbers of unemployed, while still keeping pace with the demand of the consumers-market!

Likewise, the close-buying tactics of huge Chain Corporations results in a constant hammering down of wages to the workers in industry!

The proof-final in support of these arguments is the fact that during the past five years, THE MORE BIG CHAINS WE HAVE HAD, and the MORE CHAIN STORE PATRONAGE AWARDED BY THE PUBLIC, the MORE UNEMPLOYMENT WE HAVE HAD, the MORE WAGE-CUTS, and the MORE DEPRESSION!

Is it by any means CHARITY, when people withdraw their patronage from such institutions?

**DO CHAINS SELL CHEAPER?**  
If you are thinking only in terms of "Specials," when you ask this question, the answer is YES! But, if you are thinking in terms of YOUR WEEK-BY-WEEK FAMILY NEEDS AS A WHOLE, the answer is NO!

Repeated tests have been made along this line by the Main Street Crusader over the past two years; and WITHOUT EXCEPTION, I have found that on an average order of assorted merchandise, made up without respect to the "Specials," the up-to-date and reputable Independent Store gave MORE ACTUAL DOLLARS-AND-CENTS VALUE ON THE COMPLETE ORDER THAN THE CHAIN STORE!

The best test that I have ever conducted along this line was in our home neighborhood in Grand Rapids. For five weeks, six families of us bought ALL OUR TABLE NEEDS FROM TWO CHAIN STORES—A & P AND KROGER. This included both groceries and meats. Then, for six weeks, we bought our combined orders from TWO NEARBY INDEPENDENT STORES AND MARKETS. The total bill for the six weeks at the Chain Store, for five families was \$296.44. The total bill for the NEXT six weeks at the INDEPENDENT Store, for the SAME FIVE FAMILIES, was exactly \$249.93.

The INDEPENDENT STORE was NEARLY FIVE PER CENT LESS than the Chain; and every precaution was taken to make the test absolutely fair. I might say that four out of the five housewives had been strong Chain Store patrons before that. My wife was the one exception. And the test was so obviously fair that every one of the four Chain Store customers was entirely convinced! And HERE WAS ANOTHER IMPORTANT ITEM:

The INDEPENDENT delivered the groceries at the door, while we had to GO AFTER THE ORDERS IN THE CHAIN STORE!

Is it CHARITY to trade where you do the best by yourself?

### IS CHAIN MERCHANDISE FRESHER?

Here is a fallacy which should be exploded! Use your own intelligence, and common sense would tell you that the chances of stale merchandise are far greater in the average Chain Store than in the average well-managed Independent Store!

The Independent Wholesaler WATCHES HIS OWN BUSINESS, while the Chain Warehouse is in charge of HIRELINGS. The Independent Store is under the scrutiny of the OWNER AND PROPRIETOR, while the Chain Store is supervised by a "Manager"! Does not ordinary reason tell you that the OWNER will watch his stock more carefully than a HIRED WORKER?

I have volumes of evidence to prove hundreds of cases in which Chain Stores have pandered off stale merchandise on an unsuspecting public. I have in my "Chain Store Museum" exhibits of mouldy macaroni, wormy raisins, dirty sugar, etc., etc. I have before me as I write these lines a package of RICE, sealed and purposedly sanitary, in which were found TWO TEASPOONFUL OF OFFAL AS EVIDENCE OF THE PRESENCE OF VERMIN! This package was purchased a few days ago in a Chain Store on the North Side of Chicago.

I am ready to produce in court at any time, proof of the pulverizing of moisture-hardened sugar in a Chain Warehouse; the washing of MORE THAN FIFTY CASES OF WORMY RAISINS by Chain Store workers in various stores to which the merchandise was apportioned; the doctoring of a half-carload of tainted meat by one Chain Meat Market; and the re-labeling of two carloads of old canned goods which had become soiled in a Chain Warehouse!

Whatever difference there may be between the Chain and Independent store for chances of stale merchandise to the public, I should say on the basis of my own findings in such cases, that the chances are about three to seven in favor of the Independent Merchant having the fresher merchandise! It is not that the Chain Store has fresher goods. It is that it has the facilities at its command to CONCEAL THE CONTRARY to better advantage! Is it Charity to buy the best?

### LET'S RID OUR MINDS OF PREJUDICE!

In all frankness, I must suggest to the American Housewife that the modern shopper is entirely too superficial in her knowledge of real values. I find that most women buy Campbell's Pork and Beans; and yet I have repeatedly demonstrated that not more than one woman in a hundred knows what the net-weight contents of the can is supposed to be. I have found that women often times will compare the price-tags on peas; and because the Independent Grocer may display a TWENTY-FIVE-CENT QUALITY FOR TWENTY-FIVE CENTS, while the Chain Store features a TEN-CENT GRADE FOR TWELVE CENTS, she immediately accuses the Independent of charging "double price"! Yet, that woman would not condemn an automobile dealer for asking five times as much money for a Lincoln Sedan as he asks for a Ford!

I have also observed that the average woman, when comparing Chain Stores and Independents, will pick out for comparison the finest Chain Store, and the poorest run-down-at-the-heels specimen of dirty-shirt Independent. Naturally such a comparison results in favor of the Chain Store!

If you will consult the best Independent Merchant in your community, the chances are that you will find that he has more value for the money than the Chain Store; but you must be OPEN MINDED AND UNPREJUDICED in order to discover that fact!

Considering the fact that the very conditions which have created our present depression are conditions which are being daily encouraged by Chain Store tactics; and considering the fact that we are to get rid of this Depression at ANY PRICE; then LET'S FREE OURSELVES FROM THE SUPERSTITION THAT PATRONAGE OF THE INDEPENDENT MERCHANTS IS A CONTRIBUTION TO CHARITY!

The very fact that your Independent Merchant is STILL IN BUSINESS, after five years of stormy existence is pretty good evidence that he is ON THE JOB! Give yourself a "break" by giving HIM a "break," because, as long as both of you are in the same community, your interests are very much parallel. What is good for HIM can't help but be GOOD FOR YOU! Isn't it about time that American Housewives got wise to themselves by realizing that THE MORE THEY "SAVE" THE POORER THEY GET? There must be something wrong with their methods of "Saving"! The errors lie in the fact that they have sent their profits to WALL STREET by the CHAIN STORE ROUTE! It takes PROFITS to make PROSPERITY! Without PROFITS there can be NO PROSPERITY! It follows then that PROSPERITY PREVAILS WHERE THE PROFITS ACCUMULATE! They tell us that PROSPERITY IS JUST AROUND THE CORNER! If so, it's because the American Shopper has been sending her PROFITS JUST AROUND THE CORNER! If you would have PROSPERITY AT HOME, you must keep your PROFITS AT HOME!

So, if Prosperity means anything to you, then it is important that you be more particular WHERE YOU PLACE YOUR PROFITS! Your responsibility does not cease with merely WHAT YOU BUY, and HOW SENSIBLY YOU SPEND; it also includes the questions of WHERE YOU BUY IT, and WHERE you spend your money! You CAN'T SEND YOUR PROFITS AWAY and KEEP PROSPERITY AT HOME, for the simple reason that PROFITS AND PROSPERITY CANNOT BE SEPARATED!

Yours for the People's Welfare,  
Winfield H. Caslow,  
"The Main Street Crusader."

# Northwest Conference Tourney at Libertyville Next Week

## Palatine and Arlington Meet Ela and Antioch Thursday Night

J. L. GROSE

The annual Northwest conference basketball tournament is only one week away. And again Libertyville is to be host to all the tournament games. It is well that there is one suitable gymnasium for such an important event to the ten schools in the conference. With the teams so well bunched it is sure to be a "natural" in spite of the oft-mentioned depression. Seems that when each school's old rival is to be met everyone throws away his cares, digs down and finds the necessary two or four bits and is on hand to cheer unreservedly for dear old Whosies. Libertyville's beautiful plant is a fitting setting for such an event and all the schools are thankful for their hospitality.

It appears that the schedule makers perpetrated a hoax in arranging the pairings for the first round games of the tourney. But in looking over the list, it is all most impossible to figure out a schedule that wouldn't give the fans some hair-raising contests in the early eliminations. To begin with Palatine meets Ela in the first game. While these two teams are not old rivals and do not meet on the regular schedule, each will be out to win its first game from a conference member.

Game number two pairs Antioch and Arlington. For several years Arlington has been trying to win a tournament game from the Indians and have always lost their own scalps. Looks like 1932 is to prove no exception. This brace game is to eliminate the two unfortunates who run the enrollment over eight, and are just extras scheduled for next Thursday night.

Then on Friday night beginning at 6:30 the real fireworks begin. Four games are scheduled to cut the list in half and decide the semi-finalists for Saturday afternoon. These fortunate four are fortunate enough to win are assured of two more games whether they win or lose the next contest. The bus drivers from the outlying schools are whooping it up for their respective clients to win so that they may buy their 1932 licenses with the profits derived from added haulings.

Warren and Wauconda open the Friday evening's festivities. Another pair who do not meet on the regular schedule. In fact the Arlington-Antioch fray is the only one which, in the first round, does bring together regularly scheduled schools. From where we sit it looks like Wauconda has an edge.

Game number four, number two for the evening, brings together Leyden and Bensenville. If there is any school Bensenville would rather jump from tournament play it is Leyden, and vice versa. While Bensenville has been improving of late—note her close games against Libertyville and Antioch and her defeat of Arlington—we must side with Leyden.

Then comes what may be the classic of the tourney, Barrington and Libertyville. It appears that these are the best two teams in the league and if there is anyone with a chance to take Libertyville it may be Barrington. Nevertheless it looks like a Libertyville victory. The finale brings together the winners of the Thursday night games which a week ahead look like Antioch, and with Palatine somewhat incapacitated through injuries—Ela. And we still string along with Antioch.

If these predictions turn out O. K. there will be an Antioch-Wauconda affair, a marvelous, dreamlike game, to be followed by another meeting between the Leyden and Libertyville clans. You can take your choice from here but we'll almost concede the tournament to Libertyville with her powerful rugged offense and plenty of reserve material. We give Wauconda the runner-up honors and the consolation to Antioch.

This looks to be one of the most interesting tourneys in the history of the conference with each game an interesting one. We trust that each school may be in its best shape for these games and that some real

## Arlington Outlasts Wauconda; Win Slow Game 19-15

Arlington's "Cardinals" and Wauconda had an interesting game for one half last Friday night and then both teams settled down to a hum-drum, listless affair with Arlington just managing to hold her four point lead accumulated in the first half. Just what happened to the two squads between halves is hard to tell. In the second stanza each team resembled a prize fighter that had been clipped definitely on the chin and thereafter was contented to spar at a distance.

During the early part of the game the "Cardinals" were setting up their plays nicely and were scoring with enough frequency to earn their lead. Wauconda in the meantime was fighting hard but failing to connect. Arlington led at the quarter 6-1. Dowell caught Brodman napping to score Wauconda's first field goal at the beginning of the second quarter. This in itself was some pep into their offense and while they were failing to score, they were causing Arlington to foul and were capitalizing on these Arlington errors.

In the second half, two long field goals by Mors were matched by two stabs by Hironimus. Both teams scoring 8 points.

All of Arlington's baskets were the result of set shots from close in or from just back of the foul circle. Wauconda in the meantime, were blazing away from all angles, and just barely missing most of them.

Dowell and Paddock were carrying Wauconda until Hironimus appeared on the scene. Basely was giving none of his usual luck. Had these latter been playing at their customary clip they would probably have beaten Arlington.

Arlington's scoring was well divided. This ability to divide the tallying was the Cardinals' main asset.

In the lightweight game Arlington was playing one of their best games. The defense was functioning beautifully and had Wauconda stepped completely until subs began arriving on the scene for "normal" play. Hirtel came to life and co-starred with Brodman. These two scored 18 points between them.

Lineup and summary:

Wauconda (12)

Leyden at Wauconda.  
Palatine at Libertyville.

## Crystal Lake — C. A. C.

The Crystal Lake Aces on their home floor beat the Community Athletic club girls 17 to 8 in a basketball game Wednesday night. Crystal Lake led all the way, getting off an early seven point lead on baskets by H. Kallina and Peterson. They led at the half, 11-3. Arlington scored no field goals in the first half.

In the second half Arlington brought the score to 11 to 8 as a result of a determined defense and an offense that functioned occasionally. Then Kallina broke away for another basket with three minutes to go and clinched the victory.

Diederich, Klehm, and the two Parkes were best for Arlington. M. Parke showed especially well in defense against tip-offs and in retrieving bad passes. Bad passing and poor shooting were the features of Arlington's major portion of the time and getting by far the greater number of shots. Arlington could not get the ball to roll in.

Crystal Lake came to Arlington Monday, Jan. 18, in a return game, part of an all-girls' double-header at the Presbyterian Parish House.

## Dianas Win Over Downers Grove; The C.A.C.'s Lose

The Dianas, girls' team of the Presbyterian Athletic association, won an easy victory over Downers Grove Monday night. Outplaying their opponents in every department, they won as they pleased. Coach Teach substituted freely, and the reserves carried on well, fitting smoothly into the team's play. Stewart, as usual starred. M. Johnson was in top form to keep her end of the load. Porter's work on defense was outstanding.

Free throws, Dianas, 4 out of 16; Downers Grove, 1 out of 5.				

Referee: Grose.

The second game of the all-girls double feature bill at the Presbyterian Parish house was won by Crystal Lake in a return game with the C. A. C.'s. The victors went out in front early in the first quarter and stayed there all the way. They led at the half, 14-3. Going into the second half, they scored five baskets in three minutes to lead, 24 to 3. J. Parke and Diederich returned to the game and from there on the home team dominated the situation.

## Palatine Teams Good Fighters But Lose to Antioch & Barrington

BY MCLEOY

### Lead Over Barrington Until Last Quarter

Palatine got off to a brilliant start in both cage games at Antioch Friday evening but was again forced to take the short end of the count when the lightweights lost 21-6 and the Pirates were beaten 42-20.

The Lightweights outplayed Antioch and held the lead through the first three quarters only to lose when Kashevos entered the game for Antioch in the closing minutes of play and dribbled through the Palatine defense like a streak for three baskets. Palatine held a 15-13 lead starting the last quarter but Kashevos broke up the ball game. The Panthers' failure at the free throw line cost the game as they made but four out of fifteen attempts.

Palatine led 8-3 at the first quarter on goals by Reuse, Kruse and Buesching. The Panthers scored only a free throw in the second period but still held a 9-7 margin at half time. No field goals were scored by Palatine in either the second or fourth periods.

Kashevos, a small shifty forward, led the Antioch attack with twelve points. Kruse and Buesching each scored six for Palatine.

Palatine made six goals out of thirty-five shots while Antioch hit the ring seven times in forty-seven attempts. The Antioch lightweights have lost one game this season but Palatine looked the better team Friday night.

### Pirates Play Lead

The Pirates had a deadly eye for the basket in the first half when they hit the basket seven times in twelve shots but the game was a walkaway after the intermission.

Palatine ran wild at the start and caged five field goals in the first quarter of eight shots to gain a 10-8 lead. Even though Stettinburg, Palaski and Keulman each sank two goals in the second quarter and Antioch took a 22-15 lead, the Pirates were still very much in the running. Meyer made a remarkable showing of five field goals in six shots in the first half but his shooting in the second period was as poor as it was good at the start.

Antioch scored five field goals in each of the last two periods while the best Palatine could do was tally one field goal and three free throws in Palatine just could not locate the net in the last half as their twenty-nine shots produced but one field goal.

Antioch's fast breaking offense could not seem to be stopped by Palatine. The green jerseys scored three baskets in the first half, the course of the game and most of the attempts would be termed short shots.

Meyer was high scorer of the game with thirteen points. King, Palaski, Keulman and Stettinburg each scored eight or more points for Antioch.

W. E. Klaus of Chicago officiated both games in a very capable manner.

## Mt. Prospect Department

Mrs. Raymond Fenton entertained a number of local friends with a bridge luncheon last Thursday. Mr. Walter Weiss and Mrs. Victor Winn received the honors.

Mr. and Mrs. Towell of Chicago spent Saturday afternoon and evening with Mr. and Mrs. R. Munt.

Mr. and Mrs. Geo. Tatge and Mr. and Mrs. Chas. Hennix attended the birthday supper party of their brothers, Leonard and James Hennix in Chicago, Sunday evening.

Miss Myrtle Frey attended a bridal shower given by Mrs. L. W. Colwell for Miss Vetterleit, Friday evening at Mrs. Colwell's home in Irving Park.

Mr. John Kob, Mr. Elmer Hauptly and sons, Lawrence and Ralph, enjoyed the ski meet at Cary, Sunday.

Mr. and Mrs. Emil Spuenkel and family of La Grange and Mr. and Mrs. Wm. Buesing of Portage Park were guests of Miss Alice Mueller and her father, Sunday.

Mr. Stephen Noe and William were visitors at the ski meet Sunday.

Mr. and Mrs. A. T. Schmidt and daughter, Ruth Ann and Mr. and Mrs. Rheder of Ravenswood were callers Sunday at the P. H. Frey home.

Mrs. Otto Boedeker was on the sick list last week.

Mr. and Mrs. H. Behnreuter had as Sunday dinner guests, Mr. and Mrs. Roy Meyer of Chicago.

Mrs. Rudolph Sney gave a party Saturday night for twelve of her Chicago friends.

The P. T. A. mothers, practice tonight at 8 o'clock in the basement of the public school. Please be early. We know you will enjoy every minute. Mr. Ray Fenton, Coach, Mrs. Baskin, chairman.

Mrs. Merle Jones, Mrs. Frank Petrine and Mrs. Otto Sandberg attended a party Friday afternoon at Arlington Heights.

Mr. and Mrs. John Benic and daughters, Bernice and Louise, spent Sunday in Arlington Heights with Mrs. Vetter.

Mr. and Mrs. Ernest Luckner and son, Robert, were Sunday supper guests of the F. E. Luckners in Austin.

Mrs. Roland Dahlstrom attended a miscellaneous shower for Miss Pauline Johnson, the missionary who recently spoke before the Woman's circle. The shower was given by a former classmate, Miss Johnson who expects to return to South America in the middle of February.

General Nuisance will be glad to see you at Northwest Hills Country club the evening of Feb. 11.

Mrs. Paul Jonas gave a family party Saturday evening in celebration.

## TRUTH STRANGER THAN FICTION

There are nearly 2 1/2 million miles of unimproved roads in the United States.

Betsy Ross had no part in designing the United States flag.

It's also true that there is no improved, paved highway to success. The road to success has its ups and downs, but securing the advice, service and counsel of this bank will do much to make the going smoother.

### ANNOUNCEMENT

Schedule of the last half of the \$100.00 match between Wm. Flesch and P. J. Lutz, has been changed from Sunday afternoon to Saturday evening at 8 p. m. Park Ridge alleys.

Results, 10 game match, 1st half: Wm. Flesch, 905; P. J. Lutz, 977.

The old spirit came back to the bowlers again last Tuesday night as judged by the scores turned in. The Bankers had a rather easy time taking two from Meeske's. Benic was high for the Bankers while Bumba led Meeske's with 503.

The Garage fought hard but could only take one from the Wolves. Gilbert Busse just missed the "600" club by 5 pins running up 595 to lead the Garage while Gells had 568 for high on the Wolves.

The Hardware finally got going and took two from the Electrics. These were all very interesting and hard fought games. Fosdick rolled 614 to lead the Hardware and also membership in the "600" club. E. Petersen was high man for the Electrics with 573. Helwig just missed the "600" club by one pin. The standings:

Miss Louise Forke entertained Mrs. J. Tesch, Mrs. A. Grove, Mrs. A. Groff, Mrs. J. Sessous, Miss K. Sessous, Miss Elsie Pieper, Mrs. Al. Haase of Northbrook, at luncheon Friday afternoon. All reported having a wonderful time.

Mr. John Schmidt left for Arizona on Monday morning.

Miss Louise Forke entertained a group of friends at a luncheon last Friday afternoon.

Mrs. Geo. Sicks entertained Mr. and Mrs. Sunderland of Chicago and Mr. and Mrs. Rexford Volz of Arlington Heights at dinner on Saturday evening.

Mrs. J. Wick, Mrs. A. Miller, Mrs. E. Wesolek, Mrs. P. Dueball, Miss M. Johnson and Miss Mae Ehlers attended the installation of the officers of Deerfield camp R. N. A. last Thursday evening.

A group of friends assembled at the home of Mrs. Richardson last Thursday evening to surprise her on her return from work, as a birthday celebration. She was very happily surprised and the evening passed merrily with luncheon, and refreshments to top off the occasion.

The auditorium of the Presbyterian church was well filled last Sunday evening. The services were devoted almost entirely to music, the occasion being the presentation and dedication of 60 new hymns which were presented to the church at this service by the young people's club. After the opening selection by the orchestra, a basket of roses was presented to the pastor as a birthday surprise, from the Ladies' Aid society.

ANNUAL SCOUT DINNER NEXT THURSDAY

Annual Meet of Council to be in DesPlaines; Judge to Speak

Contemplating an unusually interesting evening's program on the occasion of the annual meeting of the Northwest Suburban Boy Scout Council, the committee in charge anticipate a large attendance.

The program is to be held in the community hall of the DesPlaines Congregational church, Thursday, Jan. 28. The dinner will be at 6:30, for which a charge of 65c will be made.

**To Elect Officers**  
Officers for the Council for 1932 will be elected at this time. The nominating committee consisting of W. H. Colman, J. L. Bell, and B. L. Fransen, Jr., will present their report. Brief reports will also be heard from the various Council Committee chairmen: Finance: A. E. Shible, Court of Honor: R. T. Sundelius, Training: Rev. O. F. Jordan, Good Reading: S. R. Padlock, Publicity: George Eck, Civic Service: R. F. Pagels, Camping: F. O. Proctor, Troop Organization: George Fender, Sea Scouting: and A. W. Barwick, Cubbing.

The local Boy Scout Council plan a handicraft course in leadership training.

The first meeting will be Wednesday, Jan. 27. Members of the Gimogash Tribe, honorary society of Scouts and Leaders, sponsor the course, which is open to all connected with Scouting. 16 years of age and over. All the work will be done in the shows of the Maine Township High School at DesPlaines, every second and fourth Wednesday, 8 to 10 p. m., Jan. 27 to May 25 inclusive.

There will be two specialization courses with National Council training credit for each. The schedule follows: Metalcraft—Jan. 27; Woodcarving—Feb. 10; Basketry—Feb. 24; Cordage—March 9; Leatherwork—March 23 and

April 13. The April 27, May 11 and May 25 meetings will be devoted to further work in any of the above mentioned subjects.

The same month Mr. E. M. North of the Maine Township High School, assisted by Mr. Fred Durni of Arlington Heights, will conduct a nature specialization course consisting of an extension study of stars, plants, trees and birds, with two afternoon and one overnight hikes. A nominal cost will cover expenses and it is expected to have a large attendance at this first undertaking of the Gimogash Tribe.

Committees appointed are: Program: F. B. Hanor, chairman, P. R. Harschbarger, R. T. Sundelius, E. M. North and E. H. Stehman; publications, H. J. Alexander; chairman, H. J. Bodens, Edward Erickson, Edward Erickson; Burris, Clear; finance: Alfred Schmidt, chairman, A. J. Beckman, Robert Amaden; commissary: Robert McKinley, chairman, Clifford Taylor, Barry Walker.

**Anniversary Week**  
Have you ever been a Scout or Scout? One of the features of the Northwest Suburban Council's Boy Scout Anniversary Week program Feb. 7-13, will be a round-up of former Scouts and Scouters. All men and boys who have been members of this great organization are urged to send their names and addresses to the local Scout headquarters that they may be included in this program. Those who register will be invited to attend the Court of Honor to be held in their district sometime during the anniversary week. At that time they will be presented with a Scout button. The coupon below for the convenience of the men and boys in registering.

**Many Other Activities**  
In addition to the Round-up there will be many other Scout activities in the Anniversary celebration, including window displays, unusual Court of Honor programs, displaying of Scouting posters, rededication ceremonies Monday evening, Feb. 8, parents' night programs, good turns, civic club programs and others. The local program will be a part of a National-wide observance of the 22nd Anniversary of the Boy Scout program. Since its inception the Boy Scouts of America has grown to the largest boys' organization in the world.

**Use This Coupon**  
Northwest Suburban Council, 100 S. Prospect Ave., Park Ridge, Ill. Me. Please include me in the Round-up of Scouts and Scouters in observance of the 22nd Anniversary of the Boy Scouts of America. Name \_\_\_\_\_ Age \_\_\_\_\_ Address \_\_\_\_\_ Occupation \_\_\_\_\_ When and where a scout or scouter (Approximately) \_\_\_\_\_

**Arlington Girl Scouts Meet on Three Week Days**

Arlington Heights Senior Girl Scouts, Troop One, are working on First Class work and for merit badges for the Golden Eagle rank, the next higher rank above First Class. Miss Fern Lorenzen is captain of this troop, the members of whom are Miriam News, Florence Patrick, Cecil Hauptli, Virginia Weber, Marcia Ruth Martens, Lois Manz, Ruby Bunn, Mary Bird, Mary Franke, June Franke, Anne Allen, Elizabeth Sadecky, Arlynne Jensen, Gwendolyn Topping, Eleanor Smith, Dorothy Jasper, and Ruth Hartman.

Troop One meets Wednesdays at 7:30 p. m. in the Presbyterian hall. Troop Two, of Seventh grade girls, captained by Miss Bernice Hauvo, meets at the same place Monday after school.

Troop Three, also under Mr. Hauvo, but in active charge of Misses Anne Allen and Mary Franke, meets Tuesday afternoons. This troop includes girls of Grades Five and Six.

"Old Heidelberg" In German at Elmhurst College

The famous old romantic play, "Old Heidelberg," will be presented in German by the Elmhurst College Theatre, Wednesday and Thursday evenings, February 3 and 4 at 8:15 p. m. in the college gymnasium. Tickets are now being sold for both performances. Prices are seventy-five cents for reserved seats and fifty cents for general admission. The cast, under the leadership of Prof. C. C. Arends, director, and Prof. G. Blenk, line coach, has been rehearsing intensively, and Prof. Arends is enthusiastic over the prospects for two successful performances.

The cast, an unusually good one, has been selected for its acting ability and proficiency in speaking German. Hugo Bauer, who takes the leading male role, is well-known locally for his performance in "Minna von Barnhelm" here two years ago. His interpretation of "Karl Heinrich" promises to be a faithful representation of the dashing, handsome prince who leaves the courts of Karlsburg to study at the picturesque, romantic old university at Heidelberg.

Kathie, the winsome country lass who captures the prince's heart, is played by Martha Klein. Miss Klein is a newcomer to the theatre, but is bringing out all that is best in the role. She acts with great feeling, and according to Prof. Blenk, speaks excellent German, with a true Teutonic rhythm in her lines.

Paul Meyer acts the part of the lovable Dr. Juttner. Mr. Meyer will be remembered for his superb portrayal of Tom Prior in "Outward Bound" here last year.

Another veteran in the case is Ernst Press, who plays the valiant Lutz. Press also wrote the first English translation of the play. It is used in the direction.

The complete cast is as follows: Prince Karl Heinrich—Hugo Bauer; Kathie—Martha L. Klein; Dr. Juttner—Paul R. Meyer; Lutz—Ernst Press; Ruder—William F. Melberg; Frau Ruder—Laelia E. Schumann; Ernst—Dorrell Christine M. Peters; Detlev—Hans G. Mueller; Engelbrecht—Werner A. Wegener; Wedell—Melvin Miller; Blitz—Ralph L. Kuehner; Statist—minister von Hauk—Theophil Blaufuss; Kellermann—Karl A. Juergens; Scholermann—Ora Wintermeyer; Glanz—John F. Steve; Baron von Metzing—Paul Rode; Baron von Breitenberg—Wilbert Gauer; Kammerherr—Ralph L. Kuehner; Hofmarschall—Erwin E. Krueger; Reuter—Fred Rest; Students—Alfred F. Braun, Fred C. Allrich, E. A. Schroeder, Richard C. Gerfen.

"Old Heidelberg" is the original play which formed the basis for "The Student Prince," famous opera which ran so successfully in Chicago some years ago. It is a romantic melodrama with much emphasis upon the colorful life at Heidelberg, the historic, old university, with its drinking bouts, its duels, and student singing. Several of the songs from "The Student Prince" have been incorporated in the Elmhurst production. Rev. K. M. Chworowsky has arranged and is coaching these songs.

The play calls for four different sets. They are all being specially constructed for this production by a crew under the direction of Prof. Arends. This crew has been trained efficiently, so that scenes may be shifted without loss of time to the audience.

NOTICE

A meeting of the Cook County Dairy Herd Improvement Association will be held Friday evening, Jan. 22, 1932, at the Farm Bureau office at Arlington Heights.

Election of officers and other business matters will take place at this meeting.

Albert Landmeier, President Geo. Kirchhoff, Sec. & Treas.

P. T. A. HEAR MISS HELLER ON SOUTHWEST

Back Drive for School Funds; Palatine Folks Attend

The Parent-Teacher association of Arlington Heights entertained the Palatine P. T. A. Tuesday night this week at the South school, at the close of which it was necessary to discuss ways and means for providing funds to keep the schools open.

Mr. H. Ashton, selected as chairman to head a committee of the P. T. A. fathers to canvass the homes of the village in search of purchasers for 1931 tax anticipation warrants to apply on the taxes when collected, was asked to tell what had developed so far. As the tax levy is \$42,500, approximately \$32,000 in warrants, or 75 per cent, can now be issued legally, he said; about \$5,000 in these warrants have been issued, leaving about \$26,000 or \$27,000 to be raised by the committee or otherwise.

The school needs about \$18,000 at least to operate until the close of the year.

On the basis of the legal opinion which he read (published in a separate article), he asked for volunteers to help sell the warrants. To buy these warrants is equivalent to paying the school taxes in advance, the investment is unusually safe, bears six per cent interest, amounts to a savings account, it helps keep the school operating, and they are applicable to the payment of school taxes to the extent of what each individual is taxed. A partial payment plan can be used, Mr. Ashton said, except that warrants could not be issued until the whole amount of them were paid in.

Mr. Ashton expressed confidence that a considerable portion, at least, of the required amount can be raised.

Warrants can be purchased from Superintendent of Schools, E. D. Whitmore, or through the committee. There may be some competition.

The Program

The business was preceded by entertainment. Mrs. Arthur Wiese and Mr. Everett Young sang a very difficult duet, "Cheerfulness" by F. Gumbert, accompanied by Mr. Geo. Kost. Mr. Young followed with a solo, "Good Night Little Girl, Good Night," by J. C. Macy.

Mrs. Moodie introduced Miss M. Heller, who gave a most fascinating talk on the wonders of New Mexico and Arizona, showing interesting works of art done by the Indians. It is one of most interesting parts of the entire world, and so strange that it seems hardly possible that it can not be some foreign country. She described the cliff dwellings which are so extensive they have not been fully explored; the old Spanish culture, which a Madrid University professor she met at Santa Fe declared is a little part of Spain "kept on cold storage for 500 years," more interesting than modern Spain itself; their strange religious customs, include frightful and dramatic self-torture.

She praised the friendly, pioneer spirit of the Americans there, all tolerant, no particular attention paid to dress, free and easy living, free from tension and tending to rebuild energies wasted and tattered from the feverish living and working around Chicago.

The Indians out there are among the most religious people in the world, she said, describing their strange customs. Their languages are so figurative as to mean little to the literal-minded whites; and their secretiveness is such that getting scientific information from

them is difficult. A painting rented by the South school shows chamise (rabbit) bush growing on a piece of desert in front of the mountain back of the Taos pueblo. Martin Henning is the painter.

Miss Heller has an extraordinary store of information acquired while working for the Travel Bureau of the Santa Fe railway, as Courier Hostess, and on the Research instruction staff.

Mr. Elmer Buenow, of the Palatine P. T. A. invited the Arlington Heights organization to their "Dad's Night" on March 8. A social time was held after the meeting. Miss Welch's room again received the room prize for parent representation from the North school, and Miss Bearse's room for the South school.

LIGHT COMPANY ACCEPTS WARRANTS

(Continued from Page 1)  
time (or tax anticipation) warrants on 1930 taxes, for all amounts due them from the Village. It was also voted that \$1,305.30 due the Village on the former arrangement whereby the Village got 2 per cent of all gas bills paid, be offset against the Public Service company's bill; the Finance committee to arrange it.

It was voted to buy three door checks for the entrances to the village hall and treasurer's office.

To put the Village of Arlington Heights in line for lower fire insurance rates, (as explained in the last issue of this paper) an ordinance was passed next to make the day and night engineers of the Village members of the Volunteer Fire department, subject to the same rules and regulations as other members.

Mr. Edwin Huber of N. Douglas avenue requested cinders spread on the street; referred to the Street committee.

It was agreed to pay \$85 on account on the \$120 job on the water tower, mentioned above.

The Treasurer, Mr. E. H. Bolte, reported that since Jan. 1 the Village has collected \$3,938.78; including license fees amounting to \$242; water collections, \$2,627.46; receipts from bond and coupons for Searsdale lights, \$920; with a balance as of Jan. 18, \$2,291.66.

The list of bills and payroll approved as mentioned above, is as follows:

BREAK RECORDS AT SKI JUMP

W. Pitsen of Arlington Hts. Participated; Maseng, Mt. Pros. Judged

The ski tournament at Fox River Grove last Sunday was very much of a success, thanks to the Norwegian skiers K. Walberg and the Rudd brothers, Sigmund and Birger. They came here from Lake Placid where they are training for the coming Olympic winter games to be held next month. They showed some jumping that is seldom seen anywhere. Birger Rudd in his last jump had an almost perfect form through the air and also in landing. Conditions for record breaking jumps were ideal, in spite of the imported snow and warm weather, the hill was in perfect condition. The old hill record of 173 feet held by Casper Oimen of Canton, S. Dakota, was broken not less than 10 times during the meet. Our local hopes Gunnar Omen of the Ogden Dunes Ski club and Guttor Paulsen of the Norge Ski club did not do so well, Omen falling on both of his jumps and Paulsen falling on his last jump. They are both two of the ablest skiers in this country. The reason for not doing so well was lack of practice. Credit should also be given to W. Pitsen of Arlington Heights, who was one of the entries in the "B" class.

The Norwegians did not receive as strong a competition as could have been possible as some of the best American skiers were competing for places on the American Olympic ski team at Canton, S. Dakota, on the same day. Roy Mikkelsen of the Norge Ski club won first place out jumping Casper Oimen, national champion. One other tryout at the same place for the final selection will be held this week. Both Mikkelsen and Oimen are sure of places on that team and should be able to give the invading Norwegians some stiff competition.

One other chance of seeing these Norwegian ski jumpers will be given next Sunday at the Ogden Dunes ski tournament at Ogden Dunes, Ind., just north of Gary, Ind., on the Dunes highway. South Shore electric trains go right to the hill. An extra attraction will be that in addition to Wallberg and the two Rudd brothers, who participated in the "Norge Ski Tournament." Four more of the Norwegian Olympic ski jumpers are now on their way to Chicago to compete in that tournament. Lack of snow at Lake Placid causes them to come here for practice. As the Ogden Dunes hill is the biggest ski hill in this district, some exceptional jumping should be seen. Any information regarding this tournament will gladly be given by calling Mt. Prospect 1052.

Mr. T. Maseng of Mt. Prospect, who was a judge at the "Norge Ski club" tournament last Sunday will also be a judge at the "Ogden Dunes" tournament next Sunday.

COLD... AGAIN!

How often does it happen to you?

Feeling good... all ready to wash up and shave... and then only a cold stream from the hot water faucet.

It's a sure way to start the day wrong.

But here's a tip. You can start these days right by having an automatic gas water heater installed in your home. Then you'll have plenty of hot water for washing and shaving. Plenty for bathing and everything else, too. Every day... all day... without waiting.

Better think it over. This luxury of having all the hot water you want the minute you want it costs comparatively little—far less, probably, than you are now spending for many incidentals that bring nothing like the comfort and convenience automatic hot water service brings.

See your LOCAL PLUMBER or your PUBLIC SERVICE COMPANY STORE for all the facts.

Gas WILL HEAT WATER Automatically

**BUICK'S**  
Supreme Record of Value-Giving '995  
and America's great response!

Almost \$700 less for a Buick Four-Door Sedan in 1932 than in 1922! And quality, meanwhile, so vitally advanced that there is literally no comparison between the two models! For the new Buick Four-Door Sedan for 1932, listing at \$995, is a Straight Eight with Wizard Control and scores of important advancements. Here is a record of value-giving that the motor industry, represented by Buick, actually achieved. And here is how the motoring public has rewarded Buick for the achievement: Today, as a result of Buick's policy of giving greater value year after year, America is awarding Buick more than three-to-one preference over all other eights in its price class. The reasons will be instantly apparent to you when you note the value-leadership of the new Buick Eight for 1932 with Wizard Control. Twenty-six models, priced from \$935 to \$2055, f. o. b. Flint, Mich.
